No. 200.—The Board of Commissioners for Hindu Religious Endowments brings to notice that the six temples specified in the annexure were under the control of the now defunct Kasar II Division Devasthanam Committee and that as the annual income of each of these temples is less than Rs. 250, they are

outside the scope of the Hindu Religious Endowments Act, 1926. The Board considers that in the interests of the temples themselves it is desirable that the provisions of the Madras Hindu Religious Endowments Act, 1926 (Act II of 1927), should be applied to them and requests the Government to apply to the temples all the provisions of the Act except section 60 (1) relating to the levy of contribution towards the expenses of the Board. Before issuing a notification under the proviso to section 4 of the Act, the Government desire to know whether any trustee of or worshipper at any of these six temples has any objection to urge against the application of the Act. If no valid objection is received by Government within a month from the date of publication of this notification in the District Gazette, they will proceed to issue a notification under the proviso to section 4 of the Act applying all the provisions of the Act except section 60 (1) to the six temples specified in the annexure :—

No. 201.—In exercise of the powers conferred by sections 75 and 303 of the Madras District Municipalities Act, 1920, the Government are pleased to make the following amendment in rule 6 of the rules relating to the appointment and punishment of municipal servants published with the notification of the Local Government in the Local and Municipal Department No. 226, at pages 133–139 of Part I-A of the *Fort St. George Gazette*, dated 21st March 1922, as subsequently amended :—

AMENDMENT.

For rule 6 of the said rules the following shall be substituted, namely :—

"6. There shall be no right of appeal against any order of the Chairman inflicting a punishment of fine, but the Committee referred to in rule 8 may, if it deems fit, exercise a power of revision and modify or cancel such order."

Fort St. George, February 12, 1927
(G. O. No. 503, L. & M.).

No. 202.—It has been brought to the notice of the Government that the latest date (30th April) fixed for the publication of the preliminary electoral roll under rule 3 (*b*) of the rules for the preparation of electoral rolls in municipalities does not allow sufficient time for the preparation of the rolls. It is pointed out that the work cannot be started until 1st April as it cannot be ascertained before that date who have paid the taxes if any due from them for the preceding financial year ending with 31st March, and that it is impossible to complete the rolls in the short period between 1st April and 30th April. In order to obviate the difficulty now experienced, the Government propose to alter to 15th May the latest date for the publication of the preliminary roll. The dates for the several subsequent stages connected with the preparation of the rolls will be correspondingly altered, the last date for the publication of the final rolls remaining however the same as at present, i.e., 1st July.

2. The appended notification will be published in the *Fort St. George Gazette*.

APPENDIX.

NOTIFICATION.

The following draft of certain alterations to the rules for the preparation of electoral rolls in municipalities published in notification No. 653 on pages 505–508 of Part I-A of the *Fort St. George Gazette*, dated 12th October 1920, as amended up to date, which the Local Government propose to make in exercise of the powers conferred by clause (*b*) of sub-section (2) of section 303 of the Madras District Municipalities Act, 1920, is hereby published as required by clause (*a*) of section 305 for the information of all persons likely to be affected thereby. Notice is hereby given that the said draft will be taken into consideration by the Local Government six weeks after the date of the publication of this notification.—

Draft alterations.

1. In rule 3 (*b*) of the said rules for the date '30th April' the date '15th May' shall be substituted.

2. In rule 3 (*c*), 4 (*a*) and Form II annexed to the said rules for the date '15th May' wherever it occurs, the date '1st June' shall be substituted.

DEPARTMENT OF AGRICULTURE.

COTTON CROP OF 1926–27—FOURTH REPORT.

[On an average of the five years ending 1924–25, the area under cotton in the Madras Presidency has represented 10·5 per cent of the total area under cotton in India.]

The area sown with cotton in the Madras Presidency up to the end of January 1927, is estimated at 2,269,200 acres as compared with the estimate of 2,695,400 acres at the corresponding date of last year, or a decrease of 16 per cent.

2. 351,800 acres have been reported as sown since the December forecast made up of 208,700 acres of Tinnevelly, 56,000 acres of Northern and Western, 46,000 acres of Cambodia, 31,400 acres of Salems and 9,400 acres of Cocanadas The area sown in December and January is less than in the previous year by 151,400 acres, due to the partial failure of the north-east monsoon.

3. The reduction in area is general and is marked in the Deccan, due to the continued fall in the price of cotton, the preference given to groundnut, and the partial failure of sowing rains.

4. Picking of the early sown crop in the Deccan has been completed. The yield was poor. Picking of early crops has commenced in parts of the "Cocanadas Tract".

The crop has been affected by drought throughout the Presidency. The yield of Northern and Western is expected to be poor especially in Bellary and Anantapur. The yield of "Cocanadas" in Guntur and Nellore is also expected to be poor.

The seasonal factor for the Presidency works out to 78 per cent of the average as against 101 per cent on the corresponding date of the previous year. This is the lowest reported in any previous year. On this basis, the yield works out at 376,900 bales of 400 lb. but against 571,100 bales on the corresponding date of the previous year. It is, however, too early to estimate the yield with accuracy as the harvest has not yet commenced in the major portion of the area and much will depend upon the subsequent weather conditions and the toll taken by insect pests

5. The estimated area and yield under the several varieties are given below :—

Madras, 7th February 1927.

A. J. H. RUSSELL, Major, I.M.S.,
Director of Public Health.

JUDICIAL NOTIFICATIONS.

ELECTION PETITION No. 1 of 1927.

To His Excellency the Governor of Madras.

In the matter of election of two members to the Madras Legislative Council from the Kistna (Non-Muhammadan-Rural) constituency:

Hebba Venkata Seshayya and Gottepati Brahmayya —*Petitioners.*

Mirzapuram Raja garu alias Venkataramayya Appa Rao Bahadur Garu, A. Kaleswara Rao Garu, C. K. Reddi Garu, A Gopalakrishnayya Garu and K. Sarayya Garu—*Respondents.*

The first petitioner abovenamed is a landlord residing at Kavutaram and the second at Ghantasala—both in the Kistna district.

The first respondent is a Zamindar residing at Nuzvid, Kistna district, the second is a landholder residing at Bezwada, the third is a vakil, residing at Bezwada, the fourth is a landlord residing at Gudivada and the fifth, a landlord residing at Kapileswarapuram—all in the Kistna district.

1. Petitioners humbly beg to state that they were some of the numerous electors having the electoral right to return two representatives to the Madras Legislative Council from the non-Muhammadan (rural) constituency of Kistna in the elections that took place on 8th November 1926 in which the first and second respondents were declared duly elected by the returning officer appointed in that behalf, their names being gazetted in the issue of Fort St. George, dated 23rd November 1926, while the other three were candidates that unsuccessfully contested the elections.

2. Petitioners submit that by reason of certain corrupt practices, committed by the first respondent as hereinafter set forth, there has not been a free exercise of the electoral right by the voters, that the result thereof has been materially affected and that his election is therefore void under law.

3. Petitioners submit that the first respondent by his influence as Zamindar, his powers as the President of the Kistna District Board and his wealth, exercised either himself or through his agents and friends and through some of the employees of the District Board and Taluk Boards, undue influence upon the voters of numerous places, held out, offered or gave gratification of one sort or another to numerous voters in return mainly for single votes or one of the two votes negotiated for him and threatened injury to others, if they did not likewise vote in his favour; that moreover, he bribed or caused bribes to be given to voters on a large scale, arranged for entertainments to voters on the election day, provided service houses for their journeys to the polling stations and is guilty of a variety of corrupt practices under the Indian Election Offences and Inquiries Act (Act No. XXXIX of 1920).

4 Petitioners beg to point out that thus the first respondent managed to secure about ten thousand single votes.

5. Petitioners are informed that in the Bezwada and Nuzvid Divisions, notably in the first respondent's Zamindary of Mirzapur Estate and in the villages amenable to the influence of himself and his Zamindary and Mokhasadar relatives and friends, persons not entitled to be on the electoral roll were introduced therein and consequently the voters of many villages were fictitiously increased in some cases to 15 or 20 times the number in the previous lists and that the total number of voters was thus augmented from about 1,500 to between 3,000 and 4,000, a circumstance which is without parallel in any other Taluk or Division in the constituency and that the increase was illegal and improper, in that the new voters are mostly members of joint families not holding pattas in their own name nor possessing other qualifications, and that in some places Christian voters were brought on the rural list and that the vast bulk if not all these voters, cast single votes for the respondent, that one of the candidates, Mr. C. K. Reddi, the 3rd respondent, objected to such an arbitrary expansion of voting lists as well as a well-manœuvred location of polling stations in the first respondent's and his relatives' villages, before the Revising Boards of Bezwada and Nuzvid Divisions composed of the Revenue Divisional Officer and two non-officials in each Division but that the Boards not only did not pay heed to the matter or correct the final lists as prayed for, but added to the polling stations more villages favourable to the first respondent, that accordingly the election of the first respondent has been vitiated by the inclusion of unqualified persons as voters who, the petitioners have reasons to believe, voted for him.

6 Petitioners beg to point out that the first respondent is the President of the Kistna District Board and as such, had and has considerable influence and authority in the district. The said respondent with intent to influence the result of the voting, used his powers and authority as President for his own ends and corruptly and illegally employed servants of the District Board and the Taluk Boards under him as well as bespoke the services of several Government Officers for the purpose of coercing or unduly influencing the voters to vote for him. He appointed several men to offices in the service of the District Board just on the eve of the elections and made use of them as election agents for himself. He further abused his powers of nomination by nominating or holding out hopes of such nomination to a number of suitors and in the end, on the eve of the election, nominating a number of men to seats on certain Taluk Boards which he himself had deliberately kept vacant for a long time, such nominees being persons that promised to vote and work for him in the elections. The first respondent deliberately and illegally prevented elections to the Taluk Boards due in the month of February or March last, fearing that the elected members would not be amenable to his influence and would on the contrary help by their influence the rival candidates. He also transferred and otherwise manipulated the staff of the District and Taluk Boards for the purpose of advancing his interests in the elections. Besides, he held up the election of the presidentships of certain Taluk Boards and in the end, ignoring the members already in existence, nominated men of his own liking and conferred upon them temporary presidentships on the condition of the nominees voting and working for him in the elections.

7. The petitioners further submit that the first respondent, as President of the Kistna District Board, had and has the power to issue licenses for motor buses and cars and the said respondent abused his power as president by issuing bus licenses on promise and condition of the licensees voting and obtaining votes for him and that accordingly several licensees worked for him in the elections and provided him buses for transport of voters on the polling day.

8. Petitioners submit that the first respondent enlisted the services of a section of the Kalali Community on the promise to certain members of the community, of nominations to certain taluk boards as a gratification for their exercising the electoral right themselves and inducing others to exercise the same in favour of the first respondent exclusively.

9. Petitioners beg to state that the first respondent, as President of the Kistna District Board,

corruptly and illegally and with intent to influence the result of the voting, sanctioned or promised to sanction roads, schools, bridges, canals, channels, hospitals and donkus, or pauthus (public pathways) in various villages as a gratification for their giving him single votes in the election and actually began or made a show of beginning some of these works without proper sanction from the authority concerned, on the eve of the elections, transferring certain taluk board roads to the district board for the purpose, promising to transfer certain hospitals from one village to another, making a display of executive staff at work, carting materials energetically, taking levels, courting applications for schools and doing such other things

10. Petitioners submit that the votes of certain villages were secured by the first respondent, remitting on the eve of the election, the penalties levied for three years previously upon the people of Padupadiparru for occupying road-side local fund land by cutting puti vaath and storing it thereon during the off season, and further he has allowed the storing of the same which is actually on the road margin now free of all charges

11. Petitioners are informed that the first respondent made promises, and in some cases fulfilled,—or made deposits or caused pro notes to be executed by his friends as a guarantee for the fulfilment of promises of contributions to temples, tanks, choultries and public pathways.

12. Petitioners state that the first respondent secured or tried to secure the votes of certain leading men in the district by granting them handsome loans at easy rates of interest in return for which he negotiated not only their single votes but groups of votes belonging to sects and sections amenable to their influence.

13 Petitioners learn that to make sure of his chances in the election the first respondent had recourse to an extensive system of giving money gratification to voters through his agents and friends in the district which took place on a stupendous and organized scale on the 6th, 7th and 8th of November.

14 Petitioners have been informed that at various polling stations on the polling day, the friends and agents of the first respondent and servants of the local and municipal bodies in the district acted with zealous and openly ascertaining for whom the voters were voting, prevented by physical force hundreds of voters not voting for the first respondent, from entering the polling office at all that petitions were submitted by the voters affected then and there to the polling officers and telegrams were also sent to the higher authorities.

15 Petitioners learn that many voters with whom single votes were negotiated by promises and payments of gratification or threats of injury or undue influence or other corrupt practices, were made to declare their votes openly, though they were illiterate, that agents and friends working for the first respondent, themselves literate, declared themselves to be illiterate and caused the polling officer to mark the votes as to induce their following to do in a like manner, and that in one case a zamindar since returned to the Madras Legislative Council actually conducted himself in that manner, whereupon the polling officer entered a note on the counterfoil of the voting paper to that effect.

16. Petitioners also learn that the buses plying on public service in the district on various roads were requisitioned, on the day of polling, in order to bring voters voting for the first respondent from their places to the polling stations and leave them back, so disorganizing public service and inconveniencing not only the voters but even the polling officers in going duly at their stations, and thus committing a gross corrupt practice.

17. Petitioners are informed that the first respondent or his friends organized on the polling day treats, dinners and drinks at certain polling stations and openly invited voters voting for the first respondent to partake of them and vote for him and that actually numerous voters did partake and vote accordingly.

18. The petitioners further submit that before the election, the said respondent threatened various people who would not vote for him, with injury, that the said respondent has after the election done various acts by way of reprisal against those that did not vote for him and according to his dictation.

19. For these and other reasons, petitioners submit that there has been no free exercise of the electoral right by the voters and the result of the election has also been materially affected by reason of the said corrupt practices, undue influence and bribery.

20 Petitioners pray that the election of the first respondent be under the circumstances set aside and his return declared null and void, that the petitioners may be granted all such relief as they may be entitled to under the provisions of the Law and that the costs of the petitioners may be directed to be paid by the first respondent.

II.—Relating to the nominations and elections of the taluk boards (paragraph 6 of the petition).

1. ELECTIONS TO THE TALUK BOARDS.

The first respondent as the President of the Kistna District Board should have ordered elections to the several taluks boards in this district in February last. Instead of doing so, he kept back the elections in the talukas of Kaikalur and Bezwada, leaving them with a strength of three members each. In respect of the Kaikalur Taluk Board, he nominated one Mr. Kasa Venkataramayya, a henchman of his, specially and conferred upon him temporary presidentship of the Board ignoring the pre-existing two members, on the understanding that he should canvass single votes for him. With reference to the Bezwada Taluk Board, the first respondent conferred likewise temporary presidentship upon one Mr. K. Yesuraiya, another henchman of his. Both these presidents having received this gratification from the first respondent, voted for him and worked hard for him in the elections.

2. NOMINATIONS.

(a) Kaikalur Taluk Board.

While running the Kaikalur Taluka Board up to September last with 3 members, the first respondent kept on the remaining nine nominations as a bait to various people and got them to work for himself and cast single votes for him. He had suspended the elections to this taluka board illegally and improperly on the plea that certain villages were transferred to the West Godavari district from the old Kistna district and therefore the taluk board's local fund jurisdiction would be changed. But although up to date no such notification has been made purporting to change the jurisdiction of this taluka board, elections have been suspended altogether and nominations were made in September last on the eve of the election to the Legislative Council. These nominations two were made as a result of a suit that had been filed in the District Munsif's Court at Gudivada by Mr. Uppuluri Muthamsetti and others owing to the president not having arranged to fill up the vacancies. The nominated members are men who worked for the first respondent, having received this gratification from him.

(b) Bandar Taluk Board.

A.—The Bandar Taluk Board comprises two talukas, namely, Bandar and Divi and should have had a strength of 24 members of whom six should have been nominated members. But while elections were suspended owing to litigation relating to all seats but one, the nominations also were altogether suspended and nearly in the whole of the year 1926 the Board has been run with only two members, while the six nominated vacancies were used as a bait to a number of suitors for the same on condition of their working for him. Not only were these nominations not made up to date, but one of these two elected members was made a temporary president and his services were engaged in return for this gratification to canvass for the first respondent in the Bandar and Divi taluks—chiefly in the Kapu community to which he belongs.

B.—Relating to the employment of Local Fund and Government servants—

1. The post of a manager for the District Board was created some time ago. But it was not filled for some months until one Mr. Arra Krishna Rao Nayudu, then Municipal Secretary of Bandar, was offered the post and asked to join in a week some time in March or April last but was not appointed actually till three months before the elections. His appointment was made on the understanding that he should work amongst the large Kapu community to which belong some twenty thousand voters and this newly appointed manager was going about on tour into the villages of the Divi taluk in August, September and October 1926 Although the manager was a ministerial officer, the fact remains that he drew a travelling allowance of Rs. 150 in the months of August and September and the petitioners learn that this manager of the District Board office toured the villages of Mujeru, Kallepalli, Pedayadara, Chinayadara, Bhogireddipalli, Chintalamuda, Nukalavaripalem, Mallampalli, Pushadam, Kasa, Avanigudda, Viswanadhapalli, Bandalayacheruvu, Talagadevi, Kothapalem and other villages where he canvassed votes for the first respondent on the ground that he had done a great favour to the Kapu community to which he belonged by conferring upon him the important post he held and that in return for this gratification the community should cast single votes.

2 Mr Taleti Sundararamayya, who is the headmaster of the Avanigadda Board High School, was given promotion of salary from Rs 80 to Rs. 110 over the heads of many of his seniors and in return for this gratification he toured in company with the presidents of the Bandar Taluk Board and the Kistna District Board the following villages—Moduguddi, Kothapet, Machavaram, Yekamur and Ramachandrapuram where he canvassed for the first respondent on the ground that the first respondent as President of the Kistna District Board had sanctioned the temporary high school at Avanigadda and would make it permanent if single votes were given to him. Contrary to Government Orders on the subject that the District Board servants should not partake in election propaganda, he not only took

part himself but he induced his colleagues and assistants to do likewise. He caused an arch to be put up on the polling day at the gates of the Taluka office and Magistrate's office near the polling station by the servants of the school bearing the placard "Give your votes to Mirzapuram Raja Garu who gave the High School to us." The Tahsildar objected to this at the Taluka office and got it removed. The Headmaster went to several surrounding villages in company with his assistants and threatened the voters that if they don't vote for the Raja, they would lose their High School. He drew large amounts by way of travelling allowance for two or three months prior to elections, although his legitimate duties involved no frequent travelling.

3. Mr. Tangirala Suryanarayana, Assistant Engineer, Bandar Division, in company with the first respondent and Mr. M Ramaswami, Temporary President, Bandar Taluk Board, and Village Munsif on leave, Mr. Chennula, an overseer, and the Manager of the District Board, visited Avanigadda and the surrounding villages some fifteen days before the elections and camped at Avanigadda for several days and canvassed single votes for the first respondent reserving undue influence as a high official under the Board having considerable authority and influence in the division.

4. Mr. Malladi Narasimha Sastri, Head Clerk, worked for the Raja in the town of Masulipatam, canvassing single votes for him from door to door.

5. Besides these Messrs. G. Sreeramulu Nayudu, I. Raja Rao, Taluka Board Head Clerk, Bandar, V. Rangarow, Headmaster, Jaggayyapeta High School, K. Ramachendra Rao, Assistant Engineer, Gudivada, Seshagiri Row, Overseer, K Venkatareddi, Head Clerk, Taluk Board, Nadigama, and Inavolu Babu Rao, Overseer, all worked for the first respondent as also Bandireddi Rama Sastrulu, Assistant Karnam, Bhavadevarapalli, Mandali Venkata Ramayya, Headmaster, Board School, Chodavaram Akkanuri Venkata Rangayya Garu, Head Clerk, Gudivada Taluk Board, was transferred specially from Kaikalur to Gudivada Taluk Board and worked in Inampudi and Chegudi. Mohan Singh, Overseer, brought voters in Bandar to the poll. D. Sreeramulu Nayudu worked in Talagadda Devi and got rapid promotion from Rs. 50 to Rs. 100 per mensem.

Transfers

A. Battena Markandeyulu, a graduate and teacher belonging to the Kamma community, was transferred three or four months before the elections to Gudivada on the promise of his working for the first respondent and in the hope of receiving this gratification and after receiving it and in addition having received promises from the first respondent that no taluk members of his community would be made members on the Bandar and Gudivada Taluk Boards as well as District Board, he canvassed votes for the first respondent amongst the members of his community in Bandar and Gudivada talukas and wrote letters to one of them in October 1925 and May 1926 pressing for the subvitment of his services and reiterating the promises of nomination as well as of roads and schools and other facilities for villages of his choice. Mr. Markandeyulu was thus made by first respondent an instrument for making offers of gratification to voters of his community.

B. Challapalli Gangadharam Sastri Garu, Headmaster, Boys' Board School at Vadlamannadu, was transferred to Bantumilli in the usual course and a short time after he had left for Bantumilli, on a negotiation with the first respondent that he would canvass votes for him, he was forthwith retransferred to Vadlamannadu but had to be posted as the headmaster of the Girls' School for want of a vacancy, it having become necessary for this purpose to transfer A. Narasimham Garu, the headmaster of the Girls' School, therefrom to Movva.

C. Besides these, high Government officials such as K. Krishna Rao Nayudu Garu, Deputy Tahsildar, Pamarru Division, and Mr G K Padhi, Police Circle Inspector, Nuzvid, openly canvassed for the first respondent and exercised undue influence over the voters in their respective jurisdictions

Promotions.

Promotions to the District Board teachers were sanctioned as early as in February 1925 but the first respondent with intent to use them for his own ends held them in abeyance till July 1926 when he got them passed again in a meeting of the Board with retrospective effect and paid handsome amounts to the teachers getting them in return to work for him in the elections.

III.—Particulars relating to bus and car licences (paragraph 7 of the petition).

1. Kondapalli Butchayya Garu, a native of Mantripalem, who had purchased two busses at a cost of Rs. 50,000 two years ago to ply them between Bandar and Chinamakthavi on the Hyderabad Road, failed to secure licenses from the first respondent and after allowing the busses to lie in the garage for one year renewed his application in March 1926 but was repulsed once again, and on his threatening at Nidadavole that the first respondent would not get a single vote in Divi taluk, the latter granted a licence to him to ply his busses between Nidadavole and Palakol in West Godavary district on condition that Mr. Butchayya should work for him in the election in the Divi taluk to which he belongs and where he had influence. Accordingly, the latter did canvass in the area in many villages in the Divi taluk openly telling the voters that the Raja had done him a good turn by saving him ten thousand rupees, the price of the busses, and that those who had affection or regard for him should vote for the first respondent.

2. Sree Rajah Goranadha Prasad Bahadur of Challapalli who had obtained the transfer of a licence to ply the busses between Masulipatam and Mopidevi, has voted and worked for the first respondent in Challapalli having received this gratification.

3 Sree Rajah Y. Ramanadha Bahadur, who had obtained a licence for plying the busses between Masulipatam and Chinamakthevi, has voted for the first respondent and worked for him in Velavole and other places, the grant of the licence being the gratification received for the purpose on the eve of the elections.

4. Tirupati Sundara Ramayya Garu, President, Union Board, Pamarru, received a bus licence from the first respondent to ply one from Pamarru to Gudivada. He since transferred it to Mr Kondapalli Butchayya referred to (supra) and in return for this gratification not only canvassed votes for the first respondent but acted with zealous at the Pamarru polling station (vide schedule on Zealous).

IV.—Relating to the Kalali community (paragraph 8 of the petition).

1 Maredu Gopayya, belonging to the Kalali community, was nominated a member of the Gudivada Taluk Board and in return for this gratification toured along with other members of his community extensively in the Gudivada, Divi and Bandar taluks and canvassed votes for the first respondent urging the members of his community to vote for him as he had nominated himself and promised to nominate others of the community to membership of the several taluk boards

2. Battena Markandeyulu, a teacher in Undi, was transferred to Gudivada in order to work amongst the Kalali community and has written letters to a leading member of that community urging that as the first respondent had promised to do much for

their community by way of contributing to local boards and works and institutions for their villages and such other favours, he should work for him in return for that gratification.

The people of the village had been stocking pati earth (manure for lands) on the Local Fund roadside margins for years For such occupation, penalties were levied upon them for two or three years, but these have been remitted by the first respondent getting them cancelled on the eve of the election and for this gratification, the village people voted for him.

The village is surrounded on all sides by villages belonging to the first respondent or his zamindari or mokhasadar friends The village people have no public pathway and the first respondent promised to give one through his mango grove and in return negotiated with them for 20 out of 24 single votes The people doubted whether they could get it after they had cast the votes and in order to assuage their doubts, the mokhasadar of the village, Mr. Gottikolla Gopalarayanam Garu, executed a pro-note for Rs. 1,000 at 9 per cent per annum in favour of three prominent residents of the village—namely, Messrs Madala Chandrayya, Rameneedi Pedda Basavayya and Bandlamudi Pitchayya—on 6th November 1926, i.e., two days before the polling day, the writer of the pro-note being one Mr. Madala Ananda Rao.

ELECTION PETITION No. 2 OF 1927

TO HIS EXCELLENCY THE GOVERNOR OF MADRAS.

Ankam Rao Thirupathi Rao Nayudu, Mokhasadar of Chukkapalli, Kistna—*Petitioner.*

Ayyadevara Kalaswara Rao Pantulu Garu—*Respondent.*

The election petition presented under Rule 32 (1) (c) of the Madras Electoral Rules by the undersigned elector of the Non-Muhammadan Rural Constituency, Kistna district, showeth as follows :

The petitioner above named is a Mekhanadar, residing at Chekkapalli and his address for service is P. Chenchayya, Advocate, 11, Hall's road, Egmore.

The respondent is the Chairman of Bezwada municipality and resides at Bezwada.

1. The petitioner is an elector for the Non-Muhammadan Rural Constituency, Kistna district, at the election to the Madras Legislative Council which was held on the 8th November 1926.

2. The respondent was a successful candidate at the said election and was declared to have been elected by the Returning Officer on 17th November 1926. The respondent has submitted a return of his election expenses together with declarations referred to in rule 19 of the Madras Electoral Rules on the 28th December 1926.

3. The election of the respondent is void under rule 44, sub-rule (1) of the Madras Electoral Rules for the following reasons

4. The respondent or his agents or persons acting with connivance of the respondent or the agents committed at or about the time of the said election and in connexion therewith various acts of corrupt practice set out in detail in Statements I to 5 hereto appended and in paragraphs 5 to 20 of this petition.

5 The respondent, his agents and persons acting with the connivance of the respondent or his agent made payments of money and offers or promises of such payment to voters and to persons who had influence and control over the voters with the object of inducing the voters to exercise their franchise in favour of the respondent. The details of the above-mentioned corrupt practices are set out in Statement I attached to this petition, as far as they are known, or have come to the knowledge of the petitioner. The petitioner is further informed and believes the same to be true that similar promises were made and held out at other places and polling booths by the respondent, his agents, and by persons acting with the connivance of the respondent or his agents. The petitioner craves leave to furnish particulars of and to prove other instances of bribery hereafter as and when petitioner comes to know of the same.

6 The petitioner further submits that apart from payments of money or offers or promises to make such payments, the respondent or his agents or persons acting with the connivance of the respondent or his agents made gifts or held out promises of other kinds of gratification to voters as well as to other persons in order to induce voters to record their votes in favour of the respondent.

7. The respondent, in his capacity as Chairman of the Bezwada municipality, caused several lantern posts to be erected and culverts to be constructed in front or near the houses of electors or of others or caused drainages to be dug or fresh roads to be laid out in several places in order to induce the electors of the locality to cast their votes in his favour.

8. The petitioner is further informed and believes the same to be true that the respondent or his agents or persons working with the connivance of the respondent or his agents promised to several persons within the municipal limits of Bezwada and especially in wards 1, 3, 4 and 5 on the 8th November 1926 and for some time previous thereto that if they or certain persons over whom they had influence would exercise their franchise in the respondent's favour, the respondent would reduce the amount of house-tax which they were paying in the revision which was then in contemplation and which is now going on. The petitioner believes that several electors who would not otherwise have voted for the respondent have thus been induced to record their votes in his favour.

9 In order to secure for himself the votes of the Vaisya community of Bezwada which is rich and influential and which controls several voters in Bezwada the respondent was delegating his powers as the Chairman of the Bezwada municipality to several Vaisya municipal councillors in rotation in the months of September and October and the early part of November when he was going out frequently on his election tours.

10. The petitioner, with a view to induce Durgasi Ramulu, Durgasi Venkanna and Durgasi Somulu to give him their votes and secure other votes also for him threatened to start proceedings against them for encroachment on the space belonging to the municipality in front of their houses in ward 4 of the municipality and on the said persons promising him their votes and to secure other votes also for him the respondent permitted the matter to drop.

11. The petitioner has further learnt that the respondent in his capacity as Chairman of the Bezwada municipality appointed several persons as elementary school teachers in order to induce them as well as certain other electors to vote for him, and that after the election the services of the said persons were dispensed with as unnecessary. Such details as the names, etc., of such persons are mentioned in Statement III herewith annexed.

12 The petitioner has mentioned in paragraphs 4 to 11 above and in Statement II herewith filed only a few of several instances in which the respondent or his agents or persons acting with connivance of the respondent or of his agents induced or attempted to induce electors to support his candidature otherwise than by gifts or promises of money. By reason of the covert and secret way in which such inducements are and must have been held out the petitioner has not been able to furnish herein a complete list of all such instances and he craves leave to furnish further instances of such illegal inducement as to when they become known to this petitioner.

13. The petitioner submits that the respondent's agents or the persons working with the connivance of the respondent or his agents held out threats to several of the electors and thereby attempted to interfere with the free exercise of their electoral right.

14 The petitioner submits that at several polling booths the respondent's agents or persons working in his interest and acting with the connivance of the respondent or his agents forcibly drove away several electors who came to the polling booths with the intention of voting for the rival candidates. Instances of such occurrences so far as they are known to the petitioner are set out in Statement 4 hereto attached. The petitioner states that the result of the election has been materially affected by the illegal acts committed by the respondent as several hundreds of voters were prevented from exercising their franchise.

15. The petitioner states that the voters in many polling stations have been unduly influenced; the respondent as the Chairman of the Bezwada municipality and used his official position to illegally secure the services of the members of the municipal staff and the teachers of the elementary schools maintained by the municipality to canvass votes for him and to work on his behalf at several polling stations in spite of the Government Order to the contrary. This action on the part of the respondent constitutes undue influence and the success of the respondent in the election is mainly due to such improper employment of officials in the municipal service and the election has thereby been materially affected.

16. The petitioner understands and believes the same to be true that many of these employees worked for the respondent either because they were promised some advancement or were afraid of the consequences of his displeasure.

17. The petitioner submits that acts mentioned in paragraphs 13 to 16 constitute undue influence

under Part I, schedule V of the Madras Electoral Rules and render the election of the respondent void.

18. The petitioner submits that the respondent or his agents or persons acting with the connivance of the respondent or his agents used arrack and toddy shops for providing the electors at several places with intoxicating liquors. The electors were also treated on the polling day at coffee-hotels, some of which were taken over exclusively by the respondent or his agents for the said purpose. Several electors were fed by the said persons. Such details as are known to the petitioner in connexion with the said facts are set out in Statement No. 3.

19. The petitioner submits that the respondent or his agents or persons working on the respondent's behalf hired and used several jutkas, motor vehicles, bandies and other public conveyances at Bezwada, Masulipatam, Gannavaram, Gudivada, Gokarajupalli and other places for conveying electors to and from the polling booths. The petitioner mentions the following instances of such hiring among others :—

Kosathala Venkatanarayana Garu at Gokarajupalli and Mulpuri Pedayya Avutapalli Raghava Rao and Uppuluri Venkatakrishna at Gannavaram hired bandies on behalf of the respondent and conveyed electors to and from the respective polling stations and got them to vote for the respondent.

20. The petitioner submits that on account of the corrupt practices mentioned above the result of the election has been materially affected and the election of the respondent is void.

21. The respondent has been the Chairman of the Municipality for some years and, taking advantage of his position as such Chairman, caused the inclusion in the electoral roll prepared for the said Municipality the names of several persons who do not possess the qualifications laid down for electors to the Madras Legislative Council in the Government of India Act and in the rules and regulations framed thereunder. The persons whose names were so included were pledged to support the respondent's candidature in the election to the Madras Legislative Council. The respondent further deliberately caused to be omitted from the said electoral rolls the names of several persons who were duly qualified under the Government of India Act and the Rules and Regulations framed thereunder to be included in the said electoral roll because he suspected that the said persons were not favourably disposed to him and that they were not likely to help him in his candidature.

22. The respondent being himself the revising authority for revising the electoral rolls prepared for the said Municipality of Bezwada, there was no real revision of the electoral roll and the serious inaccuracies in the electoral roll have materially affected the results of the election of 8th November 1926 which was held on the basis of the said electoral roll and the election of the respondent is void under section 14 I.O. of the Madras Electoral Rules.

23. Even if for any reason it should be held that all or any of the acts hereinbefore referred to were not done with the connivance of the respondent or his agents, the petitioner submits that the election of the respondent is liable to be set aside under Rule 44 (1) (a) and (d) as the said election has been procured or induced or the result of the election has been materially affected by the said corrupt practices and the election had not been a free election by reason of a large number of cases in which undue influence or bribery has been exercised or committed within the meaning of Part I or Part II of schedule V.

24. The petitioner has deposited a sum of Rs. 1,000 as required by the rules.

25. The petitioner craves leave to treat Statements 1 to 5 attached hereto as part and parcel of this petition.

26. The petitioner therefore prays that Your Excellency may be pleased to direct an enquiry to be held as laid down in the Madras Electoral Rules and the election of the respondent may after such enquiry be declared void.

A. R. TIRUPATI RAO,
Petitioner.

I, Ankusa Rao Tirupati Rao Nayudu, the petitioner abovenamed, do hereby declare that all the facts above stated are true to my knowledge and belief.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 2.—The following notification is issued in supersession of Notification No 2, dated 30th January 1926, published in the *Fort St. George Gazette*, Part II, dated 2nd February 1926.

In exercise of the power conferred on him under section 4 (*g*) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes, under section 21 of the Act, the following rules for regulating the issue of licenses on fixed fees for the compounding, blending, bottling and sale of potable foreign liquors, locally made foreign liquors and coconut toddy arrack from and after the 1st April 1927 within the limits of the Madras Presidency :—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land; plain rectified spirits imported or locally made and on which the tariff rate of duty has been paid; and beer brewed in India or beer imported in a condemned form and afterwards converted into potable beer and duly excised, but excludes locally-made foreign liquor, denatured spirits, coconut toddy arrack and ordinary arrack. In the case of licences to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and excised at the tariff rate of duty.

'Locally-made foreign liquor' is spirit manufactured or compounded in British India and made in colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries. It is excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Coconut toddy arrack' is spirit manufactured from toddy at the Chowghat distillery in Malabar and excised at Rs. 17-8-0 per proof gallon; its sale is permitted in all foreigna liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

NOTE.—1 The minimum strength at which imported and locally-made foreign spirits can be sold are 35° U.P. for gin, 30° U.P. for Colombo arrack and coconut toddy arrack and 25° U.P. for all other kinds of spirits including Italian arrack, except denatured spirits.

2. Holders of Foreign Liquor licences should not dispose of any liquor imported by them and cleared from the Customs House on payment of provisional duty before acquainting themselves with the true strength of the liquor and satisfying themselves that it is not below the minimum saleable strength. If on test at the Commissioner's Laboratory it is found that any such liquor is below the minimum saleable strength and has been sold, the excise rules will be rigidly enforced against such licensees.

3. 'Rectified spirits' includes 'absolute alcohol'.

'Indian' beer is beer brewed in India (*a*) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (*b*) which is brewed at a higher original gravity than 1,055° on a standard saccharometer and (*c*) the maximum price of which at the brewery is Rs 40-0-0* per hogshead *plus* the excise duty in force at the time of issue.

*The supply of Indian beer from Bangalore Brewery will be restricted to shops which have obtained beer from that brewery during 1927-28

2. Licences for the sale of foreign liquors locally-made foreign liquors and coconut toddy arrack shall be of the following descriptions :—

I. *Wholesale licences for the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack, not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 1,000 in Madras and Rs. 250 in other districts, at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers only samples of liquor in quantities not exceeding one pint. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this licence are prohibited from selling coconut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules (*a*)

II. *Retail licences for the sale of foreign liquor, locally made foreign liquor and coconut toddy arrack, not to be drunk on the premises* (*a*).—These will be of two kinds—one for the sale of all kinds of foreign liquor, except 'Indian' beer and of locally-made foreign liquor and coconut toddy arrack and the other for the sale of beer brewed in India.

(*a*) The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs. 750 or Rs. 1,000 in the Nilgiris except Gudalur, Rs. 500 in the town of Madras, Rs. 250 in towns having a populat on of 25,000 and over and in Kodaikanal, Yercaud and Cochin, in Shiyali, Tiruttanipandi, Tiruvadanai, Tenkasi and Ambasamudram taluks and Rs 150 in the rest of the Presidency.* Under these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(*b*) Retail licences for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

*NOTE.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India in English pin ounces only in bottles as bottled at the brewery at which it was brewed

(*a*) Holders of F.L.-1 and F.L.-2 licences may stock and sell rectified spirit provided (1) that separate accounts are kept for transactions under this head, (2) that receptacles containing rectified spirits are labelled with labels showing the kind or description of spirit contained therein and the place of manufacture, (3) that consignments of rectified spirits imported from other provinces are not opened before they are verified by an Excise Officer, (4) that accounts are maintained in the prescribed form and show in the case of consignments of rectified spirit received from other provinces in India, the names of supply vessels (and name of steamer if obtained by sea) and such other particulars as may be prescribed Six cases showing separately the consumption of imported and locally-made rectified spirit should be furnished

III. *Hotel licences for the supply of residents in hotels and boarding houses*—These will be of two classes and subject to payment of an annual fee of Rs. 500 or Rs. 250 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or bars may, on payment of a monthly fee of Rs. 100 for a first class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made foreign liquor and coconut toddy arrack under the same conditions and to the same extent as the tavern licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licences will entitle the holders to sell to all comers.

IV. *Refreshment-room licences* will be of two classes—

(a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dak carriages for the supply on the premises of travellers by such railways or dak lines.*—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold to *bona fide* travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of spirits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *For refreshment rooms in which the sale of liquor is ordinarily combined with the supply of meals or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs.75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Cotacamund and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

V. *Occasional licences*, such as licences for the sale at refreshment stalls in connexion with race meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VI *Special licences* will also be granted by Collectors in consultation with the officers of the Excise Department when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VII *Auctioneer's licences*.—Annual fee, Rs. 3 The following are important provisions of the licence :—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, spirits and beer in less quantities than whole dozens of such description in the case of sales by auction of the property of private parties or estates or of trade consignments which are salvaged or otherwise unmerchantable.

VIII. *Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified spirits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Excise Department, specially authorise) is prohibited. Pure rectified spirits must not be sold under these licences for other than *bona fide* medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local Fund or Municipal hospital. Receptacles containing rectified spirits should be labelled with labels showing the kind or description of spirit contained therein and the place of manufacture; consignments of rectified spirit imported from other provinces should not be opened before they are verified by an Excise Officer. Accounts should be maintained in the prescribed form and must show in the case of consignments of rectified spirits obtained from other provinces in India, the source of supply, route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally made rectified spirits should be furnished to Collectors.

3. *Licences for compounding or blending foreign liquors and locally-made foreign liquors* will be granted to holders of wholesale licences by Collectors and licences for *compounding* to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 250.

4. *Licences for the bottling of foreign liquors, except beer brewed locally and or locally made foreign liquors and coconut toddy arrack*, will be granted to holders of wholesale licences by Collectors and to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 50.

6. Any two or more of the above kinds of licences may be granted to the same person for the sale of liquor in the same premises.

6. No premises shall be used for the sale of liquor unless and until approved by the Collector.

7. All licensees shall maintain and furnish to Collectors statistics showing separately the consumption of imported foreign liquors and locally-made spirits and beers and coconut toddy arrack.

8 All licenses (other than occasional and special licences) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

9. The full fee on all fixed fee foreign liquor licences shall be paid in advance at the time of issue of the licence.

10 For the convenience of the trade, Collectors will, as far as possible, receive and dispose of applications for licences under clause IV (b) to have effect during the following official year before the renewal dates for that year. Licences for the sale of liquor in mufassal refreshment-rooms should be very sparingly given.

11. All further information may be obtained and forms of licences may be procured at a charge of two annas each at the offices of Collectors.

NOTICE is hereby given that the Superintendent will hold an auction, at the District Jail, Madura, at 4 p.m. on Monday the 7th March 1927, for the supply of the following articles during the year 1927–28. Intending bidders are requested to be punctual. In the case of suppliers who may be unable to attend the auction, sealed tenders will be accepted; provided they reach the Superintendent on or before the day and hour mentioned above, and are accompanied by the earnest money specified in the schedule. Tenders which will only be received on printed forms, to be had free of cost on application, should be superscribed "Tender for the supply of rations and miscellaneous articles to the District Jail, Madura". They will be opened at the time of auction and the offered rates considered along with the bids. The rates should be quoted in pounds and ounces per rupee for delivering at the District Jail, Madura, the quantities being specified in words as well as in figures. Samples of the articles required can be seen at the auction. Suppliers may bid or tender for all or any one of the articles mentioned in the schedule on depositing the requisite earnest money. All supplies must be up to the samples accepted by them or approved by the Superintendent.

2. Successful bidders or tenderers will be required to enter into stamped agreements with the Jail within seven days from the date of receipt of intimation by them that their rates have been accepted. In addition they should before signing such agreements deposit a security of ten per cent of the total value of the supplies undertaken. (With the approval of the Inspector General of Prisons the total amount may be reduced in the case of approved contractors). Failing compliance within the time specified, the earnest money may be confiscated, and in the event of withdrawal they will also be liable to pay any difference between the prices accepted and those ultimately obtained by the Jail. The earnest money received from successful bidders or tenderers will be taken towards their security deposits and those from others returned at the close of the auction.

3. The Superintendent reserves the right to accept or reject any bid or tender without assigning any reason.

4. Contract should not be sublet.

5. Any rates accepted and contracts entered into will be subject to confirmation by the Inspector-General of Prisons, Ootacamund, whose decision shall also be final in all questions of infringement.

6. As the quantities given against each article in the schedule are only approximate, contractors will be under an obligation to supply the entire requirements during the period of the contract, plus as much as may be needed to last for a whole month thereafter, provided, in respect of the extra quantities that written orders are given within a fortnight of the termination of the agreement. At the same time, the Superintendent does not bind himself to receive the quantities or numbers noted in the schedule if they are not required.

7. No article is to be supplied to the Jail except on a requisition signed by the Superintendent, or some responsible person authorized by him in writing to do so "by order".

8. No advance of cash will on any account be made to the contractors when giving orders, nor will the Jail pay freight or other charges on consignments to be afterwards deducted from bills but payment for articles delivered at the Jail on order will be made promptly after they have been inspected and passed. Contractors must submit to receive payment of their bills in whole rupees, to which end annas forming part of the sum due on such bill will be disregarded, unless they constitute a fraction equivalent to half rupee or more, when they will be treated as a whole rupee for the purposes of the account.

9. During the prevalence of plague in the vicinity of the Jail or in that of the areas from which supplies are drawn all grain, etc., will be liable to

first exposed to the sun outside before being taken in. Also if for any other reason the Superintendent considers exposition of articles to sun necessary.

10. Contractors are required (under a penalty not exceeding Rs 25) to invariably send with cash supply, a memorandum or advice note duly signed showing the number of quantity tendered for acceptance. Also to sign and return within a week of payment by cheque, cash order or remittance transfer receipts, all connected bills forwarded by the Superintendent, for the purpose. Questions in connexion with any supposed short payment may be referred to the Superintendent, separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the term of their agreements, a fine not exceeding Rs 50 may be levied at the discretion of the Superintendent for each and every case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also annul it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and in the event of any residue, by legal measures as advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

13. Further information on any point concerning this notification can be had from the Jail office.

14. When once the rates offered at an auction or by tender have been accepted, lower quotations from others to the Superintendent, or to the Inspector-General of Prisons will not be considered.

NOTICE is hereby given that sealed tenders, in duplicate, will be received, up to 10 a.m. on Friday, the 25th February 1927 by the Superintendent, Government Victoria Caste and Gosha Hospital, Madras, at her office, Bell's Road, Triplicane, for the supply of perishable and non-perishable articles, etc., as detailed in the schedule annexed for the year 1927-28.

2. A separate tender must be sent in for each article.

3. Tenders will be opened by the Superintendent, at her office, at the prescribed time, in the presence of those who may choose to attend.

4. Tenders should be superscribed "Tenders for hospital supplies." Each tender must contain not only the rates, but also the total value of each item of supply entered in a separate column and the items so totalled up should show the aggregate total of the entire tender. The tender for each article will be treated as a separate and distinct tender.

5. Each tender must be accompanied by a deposit in Government promissory notes or bank receipts, equal to 5 per cent on the total value of his tender, *and, in default of such deposit, the tender will be rejected*, nor will any tender be received after the time fixed for the opening of tenders. *No cash will be received.*

6. No person making a tender will be allowed to withdraw his tender for the space of thirty days from the date thereof, and, in the event of so doing, his deposit shall be forfeited to Government.

7. The successful tenderer for perishable articles of diet, bedding and clothing must, within three days from the date of receiving intimation that his tender or any portion thereof has been accepted, lodge security, viz., 10 per cent on the total value of his accepted articles, failing which his deposit shall be forfeited to Government; he will also be required to sign a bond and to pay the value of the proper stamp duty on the contract.

8. The successful tenderer for perishable articles of diet must have his articles ready for inspection not later than 7-30 a.m. daily.

11. The contract must not be sublet. The contractor's security will be returned to him immediately on completion of his contract.

12. The successful tenderers for non-perishable articles of diet, bazaar medicines and hospital necessaries should deliver the articles in bulk within one week from date of order, failing which their earnest money will be forfeited to Government. Questions in connexion with any supposed short payment may be referred to the Superintendent separately, but are not to be made an excuse for delay or refusal to sign.

11. In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect, or refusal on their part to supply according to the terms of their agreements, a fine not exceeding Rs. 50 may be levied at the discretion of the Superintendent for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, he may also cancel it, recovering all losses sustainable by the Jail in consequence of the annulment from the security deposited by the contractors, or other moneys due to them, and, in the event of any residue, by legal measures, if so advised.

12. All wastage found to occur in excess of the respective percentages prescribed in the schedule will have to be made good by the contractors.

He will be required to sign a bond and to pay the value of the proper stamp duty on the contract.

8. The Government reserve the power of interfering and cancelling any of the tender rates of articles recommended by the Superintendent and approved of by the Surgeon-General at any time within three months from the date of acceptance.

9. No article shall be supplied to the hospital except on authority signed by the Superintendent or by some responsible person authorized by him in writing to do so.

19. Every correction in the tender must invariably be initialled by the tenderer, failing which the tender will be rejected.

20. DIRECTIONS TO PARTIES TENDERING.

Tenders to be in sealed covers properly endorsed.—Tenders must be submitted in sealed covers, the name of the tenderer and the name of the work noted on the cover.

2. *No alterations to be made in the documents.*—No alteration which is made by the tenderer in the contract agreement, "the conditions of contract", "the drawings" or "the specification"—will be recognised; and, if corrections are made, the tender will be liable to rejection.

3 *The quantities in the schedule are only approximate.*—The quantities have been taken out for the purpose of arriving at an approximate cost of the work and are noted in schedule A in which the tenderer enters his rates But they do not necessarily indicate the actual amount of work to be done and are subject to alterations, omissions, deductions or additions as provided for in the "Conditions".

4. *The schedule of rates payments will be made on net measurements* —The attention of tenderers is drawn to the note at the top of the schedule of rates and approximate quantities—Schedule A The rates the tenderer quotes are for finished work This condition should not be lost sight of when quoting a rate for work such as outstone where the wastage is necessarily great.

5. *Method of entering rates for various items of work.* —Schedule A—The items may be divided into three classes as below,—

(a) Items such as excavation, masonry, teakwood, etc , for which a rate per unit is given

(b) Items for which no measurement is required or for which the tenderer demands or quotes a fixed price irrespective of what the item may be estimated to cost.

Examples—

(1) *Scaffolding.*—If his rates for items included in (a) does not cover the cost of scaffolding, the contractor will enter a sum to cover the cost.

(2) Temporary latrines for work people, or temporary sheds may also be priced similarly.

(c) Items which are to be dealt with under clause 13 of the conditions—Schedule D—and which should be brought under the head of "Provisional items", no price being given in the schedule of rates, the items must however be entered so that it may be clearly understood that the rates quoted for the various items of work referred to in paragraph (a) above do not include such items. If items of this sort are not entered, it will be assumed that the rates quoted include them.

The following items may be taken as examples—

"Water for work". "Clearing site".
"Marking out site". "Hire of tools and plant".

6. *Totals to be calculated by the tenderer.*—The "schedule of rates"—Schedule A must be complete, that is, the approximate quantities must be multiplied by the rates quoted and the amount entered. All the items, paragraphs 5 (a), 5 (b), must be totalled and the grand total entered by the tenderers.

7. *If further information is required* —The Executive Engineer of the division will be pleased to give any further information to tenderers should they so require, but it must be clearly understood that tenders not received in order and according to instructions will be liable to rejection.

1. No reference should be made to the P.W.D. current schedule of rates or to the rates included in the estimate for this work These documents are confidential and will not be available to the public.

2. If materials for use on the work are to be supplied to Government, the fact is noted in the contract agreement and the price at which the particular material is to be supplied is clearly shown. Tenderers must accept the material at this price and should quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the change to the party executing the work will remain as originally entered in the contract agreement.

3. If, at any time subsequent to the execution of this contract, Government materials other than those specified in the contract agreement are to be supplied to the contractor for use on the work, they will be charged at the market rate prevailing at the time of supply or stock issue rate, whichever is greater. No cartage or incidental charges will be borne by Government in connection with the supply.

The contractor will be informed in writing of this charge and he should intimate in writing the rate which he demands for finished work in view of the fact that he is to use Government materials.

(a) after the words "negotiable instrument" the words "payable to order" shall be inserted; and

(b) in the *Illustrations*, for the words "payable to bearer" the words "payable to order" shall be substituted.

13. In section 51 of the said Act, after the words "negotiable instrument" the words "payable to order" shall be inserted. Amendment of section 51, Act XXVI of 1881.

14. In section 52 of the said Act, after the words "negotiable instrument", wherever they occur, the words "payable to order" shall be inserted. Amendment of section 52, Act XXVI of 1881.

15. In section 55 of the said Act, after the words "negotiable instrument" the words "originally payable to order" shall be inserted. Amendment of section 55, Act XXVI of 1881.

16. In section 56 of the said Act, for the word "which" the words "if payable to order and it" shall be substituted. Amendment of section 56, Act XXVI of 1881.

17. In section 68 of the said Act, after the word "acceptor" the words "of a bill of exchange" shall be inserted, and after the words "negotiable instrument" the words "payable to order" shall be inserted. Amendment of section 68, Act XXVI of 1881.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Negotiable Instruments Act, 1881, so as to provide that negotiable instruments including cheques and bills of exchange, which are expressed on the face of them as drawn to bearer, shall not, in any circumstances, lose their character as bearer instruments on account of their having been indorsed. The necessity for the amendment has arisen out of a ruling by the Bombay High Court that under section 50 of the Negotiable Instruments Act, 1881, and the Explanation thereto, a bearer bill can be legally changed to an order bill by endorsement. This makes it incumbent upon banks and business houses to examine all endorsements upon bearer instruments, as the character of an instrument, which is payable to bearer in the first instance, can be effectively altered by any subsequent endorsement, and thus throws considerable extra work and responsibility on banks and commercial houses without any compensatory advantage to their constituents or to the general public.

Under section 13, Explanation (ii) of the Negotiable Instruments Act, a bill indorsed in blank is payable to bearer, but under section 49 of the same Act the holder by writing a direction above the indorser's signature may convert the indorsement in blank into an indorsement in full. These provisions under which an order bill which has become bearer may be re-converted into an order bill, will be retained.

DELHI, BASIL P. BLACKETT.

The 31st January 1927.

The following Bill was introduced in the Legislative Assembly on the 25th January 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 6 OF 1927.

A Bill to amend the Indian Securities Act, 1920, for certain purposes.

WHEREAS it is expedient to amend the Indian Securities Act, 1920, for certain purposes hereinafter appearing ; It is hereby enacted as follows :— X of 192

Short title

1. This Act may be called the Indian Securities (Amendment) Act, 192 .

Amendment of section 10, Act X of 1920.

2. (1) In sub-section (*1*) of section 10 of the Indian Securities Act, 1920 (hereinafter referred to as the said Act), after the word "lost" in both places where it occurs the word "stolen" shall be inserted, and after the word "loss" in both places where it occurs the word "theft" shall be inserted, and in sub-section (*2*) of the same section after the word "loss" the word "theft" shall be inserted. X of 192

(*2*) To the same section after sub-section (*3*) the following sub-sections shall be added, namely :—

"(*4*) If at any time before the Government becomes discharged under the provisions of this Act from liability in respect of any security the whole of which is alleged to have been lost, stolen or destroyed, such security is found, any order passed in respect thereof under this section shall be cancelled.

(*5*) Notwithstanding anything contained in the Indian Succession Act, 1925, a succession certificate granted under Part X of that Act shall not confer upon the holder thereof any right in respect of a Government security which the Government would not have been bound to recognize in favour of the person in respect of whose estate the certificate has been granted." XXXIX 1925.

Substitution of new section for section 18, Act X of 1920.

3. For section 18 of the said Act the following section shall be substituted, namely :—

Discharge in other cases

"18. Save as otherwise provided in this Act, the Government shall be discharged from all liability in respect of a Government security after the lapse of six years—

(*a*) from the date on which the amount due on the security became payable, or

(*b*) in the case of a security in lieu of which a duplicate security has been issued under section 16, from the date of the publication under sub-section (*3*) of that section of the list in which the security is first mentioned, or

(*c*) in the case of a security in lieu of which a renewed security has been issued under section 12 or section 13, or a new security or securities has or have been issued upon conversion, consolidation or sub division under section 15, from the date of the issue thereof."

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to limit the liability of Government in respect of discharged loans and to prevent recourse to the Indian Succession Act, 1925, to evade the safeguards attached by the Indian Securities Act, 1920, to the issue of duplicate Notes.

The elaborate safeguards prescribed in section 16 of the Indian Securities Act for the protection of Government and other claimants,

before a duplicate of a lost security can be issued, can be circumvented by a claimant on a lost Government security which stands in the name of a deceased person, if he obtains a certificate under the Indian Succession Act that he is the owner of the particular security. As the law now stands, Government will in such case be compelled without further inquiry to honour the certificate and to issue a duplicate of the lost security. Section 10 is also incomplete at present as it does not deal with cases where securities have been stolen. Again, under section 18 of the Act, Government remains liable to pay the principal as well as the interest on a discharged loan up to the date of the demand and it is optional with the owner of a Promissory Note to defer the demand as long as he pleases without entitling Government to plead limitation. The Bill proposes to remedy these defects by an amendment of the above sections of the Act.

The 20th November 1926. BASIL P. BLACKETT.

The following Bill was introduced in the Legislative Assembly on the 25th January 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 7 OF 1927

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows :—

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 192 . Short title.

2. For section 115 of the Code of Civil Procedure, 1908, the following section shall be substituted, namely :— Substitution of new section for s. 115 of Act V of 1908. Revision

"115. (1) The High Court may call for the record of any suit or proceeding in which a decree or order from which no appeal lies has been made by a Court subordinate to such High Court, and

(*a*) in the case of any such decree, if the subordinate Court appears—

(i) to have exercised a jurisdiction not vested in it by law, or

(ii) to have failed to exercise a jurisdiction so vested, or

(iii) to have acted in the exercise of its jurisdiction illegally or with material irregularity, or

(*b*) in the case of any such order, if the subordinate Court appears to have exercised or to have decided to exercise a jurisdiction not vested in it by law,

may make such order as the High Court thinks fit.

Explanation.—For the purposes of this sub-section—

(*a*) an erroneous exercise of discretion in a matter of procedure shall not be deemed to be an illegal act or a material irregularity, and

(*b*) a finding or decision by a subordinate Court that it has jurisdiction shall be deemed to be an order within the meaning of clause (*b*).

(2) Nothing in this Code, and nothing in the Letters Patent of any High Court, shall be deemed to confer upon any High Court any power to revise any decree or order which such Court is not empowered to revise under this section."

STATEMENT OF OBJECTS AND REASONS.

In chapter 28 of their Report the Civil Justice Committee recommend—

(1) that the law should be amended so as to make it clear that the revisional powers of a High Court do not extend beyond the limits of section 115 of the Code of Civil Procedure, save and except in cases where special statutory provision is made to the contrary;

(2) that section 115 itself should be amended with the following objects in view:—

(i) so as to restrict the exercise of revisionary power in the case of interlocutory orders to cases in which a subordinate Court appears to have exercised or decided to exercise a jurisdiction not vested in it by law;

(ii) so as to eliminate the use of the word "case" as used in the existing section; and

(iii) so as to make more clear the real intention of the section.

As regards the first recommendation, the Indian Legislature is incompetent to enact a completely effective provision of the nature contemplated, as it involves an amendment of section 107 of the Government of India Act, which can only be done by Parliamentary legislation. It was, however, suggested that a provision might be enacted by the Indian Legislature to the effect that the powers of superintendence mentioned in the Letters Patent of the High Courts should not be interpreted as conferring powers of revision wider than those conferred by section 115 of the Code of Civil Procedure. The Committee's recommendations as thus modified have received considerable support from the Local Governments and High Courts who were consulted, and the Bill gives effect to them. Sub-section (1) of new section 115 follows the redraft prepared by the Committee, contained in paragraph 21 of chapter 28 of their Report.

The 23rd January 1927. ALEXANDER MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 25th January 1927:—

LEGISLATIVE ASSEMBLY BILL No. 3 OF 1927.

A Bill further to amend the Indian Limitation Act, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for certain purposes hereinafter appearing; It is hereby enacted as follows:— IX of

Short title and commencement.

1. (1) This Act may be called the Indian Limitation (Amendment) Act, 192 .

(2) It shall come into force on the 1st day of January 1928

Amendment of section 20, Act IX of 1908.

2. For the proviso to sub-section (2) of section 20 of the Indian Limitation Act, 1908 (hereinafter referred to as the said Act), the following shall be substituted, namely:— IX of

"Provided that, save in the case of a payment of interest made before the 1st day of January 1928, an acknowledgment of the payment appears in the handwriting of, or in a writing signed by, the person making the payment"

3. To section 21 of the said Act the following sub-section shall be added, namely :— Amendment of section 21, Act IX of 1908.

"(3) for the purposes of the said sections—

(a) an acknowledgment signed, or a payment made, in respect of any liability, by, or by the duly authorized agent of, any widow or other limited owner of property who is governed by the Hindu law, shall be a valid acknowledgment or payment, as the case may be, against a reversioner succeeding to such liability, and

(b) where a liability has been incurred by, or on behalf of, a Hindu undivided family as such, an acknowledgment or payment made by, or by the duly authorized agent of, the manager of the family for the time being shall be deemed to have been made on behalf of the whole family."

4. (1) In article No. 132 in the First Division of the First Schedule to the said Act, for the *Explanation* in the first column the following *Explanation* shall be substituted, namely :— Amendment of First Schedule to Act IX of 1908.

"*Explanation.*—For the purposes of this article—

(a) the allowance and fees respectively called *maishana* and *haqqs*, and

(b) The value of any agricultural or other produce the right to receive which is secured by a charge upon immoveable property, shall be deemed to be money charged upon immoveable property."

(2) In article No. 166, in the Third Division of the same Schedule, to the entry in the first column the following shall be added, namely :—

"including any such application by a judgment debtor."

STATEMENT OF OBJECTS AND REASONS.

In Chapter 41 of their Report the Civil Justice Committee made recommendations for a number of amendments to the Indian Limitation Act, 1908, and the Local Governments and High Courts were consulted in the matter. The consensus of opinion is in favour of the following recommendations :—

(1) that the proviso to sub-section (1) of section 20 should be amended so as to make the payment of interest also subject to the condition that the fact of payment should appear in the handwriting of the person making the same ;

(2) that limited owners under the Hindu law, and the *Karta* or manager of a joint Hindu family should be enabled to make acknowledgments and payments under sections 19 and 20 ;

(3) that article 132 should be amended so as to make it clear that a suit to recover the value of paddy and such like produce charged on immoveable property comes within this article ;

(4) that article 166 should be amended so as to make it clear that it applies to a petition by a judgment debtor under section 47 of the Code of Civil Procedure, 1908.

A Bill giving effect to these proposals was introduced in the Council of State on the 19th August, 1926, and was passed by that Chamber on the 24th *idem*. When the Bill came up for consideration before the Legislative Assembly on the 31st August certain objections were raised to its second clause, and Government decided to postpone further consideration till the 1927 Session. The points raised in the debates have now been examined, and a fresh Bill has been drafted.

In the present Bill a commencement clause has been inserted, and the wording of the latter part of the proviso to sub-section (*1*) of section 20 has been brought into conformity with the decisions of High Courts in regard to the expression "the fact of the payment appears in the handwriting of the person making the same."

2. The Committee's recommendation for the amendment of article 5 of the First Schedule to the Act was effected by Act XXX of 1925, and those for the amendment of articles 133 and 134 are under separate consideration. The remaining recommendations, viz., those in paragraphs 3, 4, 5, 9, 10, 11, 12 and 13 are not being pursued.

The 11th November 1926. A. P. MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 25th January 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 9 OF 1927.

A Bill further to amend the Indian Registration Act, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Registration Act, 1908, for the purpose hereinafter appearing ; It is hereby XVI of enacted as follows:—

Short title. 1. This Act may be called the Indian Registration (Amendment) Act, 192 .

Amendment of section 17, Act XVI of 1908. 2. In sub-section (*2*) of section 17 of the Indian Registration Act, 1908, after clause (*xii*), the following *Explanation* shall be XVI of inserted, namely :—

"*Explanation.*—A document purporting or operating to effect a contract for the sale of immoveable property shall not be deemed to require or ever to have required registration by reason only of the fact that such document contains a recital of the payment of any earnest money or of the whole or any part of the purchase money."

STATEMENT OF OBJECTS AND REASONS.

In an appeal case from India (Privy Council Appeal No. 49 of 1924 Dayal Singh vs. Inder Singh) the Judicial Committee of the Privy Council have held that the effect of sub-section (*5*) (*b*) of section 55 of the Transfer of Property Act, 1882, is that a purchaser of land who has paid earnest money cannot sue for specific performance of the contract, unless the contract has been registered. The reason given is that in such a case the contract "in itself" creates an interest in land, and, consequently, is not within the exception in section 17 (*2*) (*v*) of the Indian Registration Act, 1908. This ruling is inconsistent with the practice prevailing in India and may nullify the exemption contained in section 17 (*2*) (*v*) of the Registration Act. As regards all contracts for sale of land where earnest money is paid, the Bill is intended to remove doubts which have been created by the decision of the Privy Council.

The 21st January 1927. ALEXANDER MUDDIMAN.

The following Bill was introduced in the Legislative Assembly on the 26th January 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 10 of 1927.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

Act V of 1908.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing ; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Code of Civil Procedure (Second Appeals) Act, 1927.

Amendment of Order XLII in the First Schedule to Act V of 1908.

2. In Order XLII in the First Schedule to the Code of Civil Procedure, 1908,—

(a) in rule 1, before the words "The rules" the words "Subject to the provisions of this Order" shall be inserted ; and

(b) after rule 1 the following rule shall be added, namely :—

Security for costs in certain second appeals.

"2. Where the decree from which a second appeal is preferred affirms the decision of the Court by which the original decree was passed, the High Court shall, unless it dismisses the appeal under the procedure prescribed in rule 11 of Order XLI, require the appellant to deposit, in cash or Government securities, security to such amount as the Court thinks fit for the costs of the appeal and shall not call upon the respondent to appear and answer the appeal until such security has been furnished, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal :

Provided that the High Court may dispense with such security in any case in which it is of opinion that the decision from which the appeal is preferred is on the face of it contrary to law or some usage having the force of law."

STATEMENT OF OBJECTS AND REASONS.

In order to protect the interests of a respondent in a second appeal in the matter of recouping his costs, the Civil Justice Committee recommended that in every second appeal to the High Court the appellant should deposit in Court by way of security for the respondent's costs, in cash or in Government promissory notes, a definite sum being the amount of any costs awarded against him in the lower Courts *plus* the amount at which the respondent, if successful, could tax his pleader's fee under the High Court rules. The opinions of Local Governments and High Courts and of the authorities consulted by them vary from complete acceptance of the Committee's recommendation to complete rejection, but a considerable body of opinion is in favour of restricting the proposal to second appeals from concurrent judgments only, subject to the following conditions :—

(1) that the High Court should have power to dispense with security for costs when the judgment appealed from is on the face of it erroneous in law, or when a subsequent decision of the High Court or of the Privy Council has modified or altered the law ;

(2) that security should be required only on admission of the appeal under Order XLI of the Code of Civil Procedure ;

(3) that security should be limited to costs of the second appeal in the High Court ; and

(4) that security should be furnished only in cash or Government securities

These restrictions appear to be desirable, and it is considered that the proposal in its restricted form will ensure sufficient protection to a respondent in a second appeal. The Bill gives effect to the proposal

(3) Any party to the suit or the recognised agent or pleader of any such party may, within three days of the exhibition of the notice or, where a copy of the notice has been served on a pleader, of such service, either sign the decree or prefer an objection to the Court that the decree has been incorrectly prepared.

(4) After the expiry of the period of three days referred to in sub rule (3), the Judge shall, if he is satisfied that the notice has been exhibited, or exhibited and served, as required by sub-rule (2) and that the decree is drawn up in accordance with the judgment, sign the decree.

(5) Where any party or the recognised agent or pleader of any party has failed or refused to sign the decree, the fact of such failure or refusal shall be recorded by the Court on the decree."

Amendment of Order XXI, First Schedule, Act V of 1908.

17. In Order XXI in the said Schedule, the following amendments shall be made, namely :—

(*1*) After rule 2 the following rule shall be inserted, namely :—

Agreement not to execute decree.

"2A. No Court executing a decree shall recognize or give effect to any plea by a judgment-debtor that prior to the passing of the decree the decree-holder had agreed not to execute the decree either wholly or in part against him."

(*2*) Rule 6 shall be re-numbered as sub-rule (*1*) of rule 6, and to that rule the following sub-rules shall be added, namely :—

(*3*) Where the decree has been sent for execution to more Courts than one, no such Court shall cause to be sold otherwise than as hereinafter provided in rule 43, any property which has been attached in execution of the decree save by direction of the Court which sent the decree."

(*3*) In rule 29, after the words "of such Court" the words "or of a decree which has been sent for execution to such Court" shall be inserted.

(*4*) In rule 58—

(*a*) in clause (*a*) of sub-rule (*2*), after the words "if the decrees were passed by the same Court" the words "or if the decree sought to be attached was passed by the Court to which the decree under execution has been sent for execution" shall be inserted ;

(*b*) in clause (*d*) of the same sub-rule, after the words "which passed," in both places where they occur, the words "or is executing" shall be inserted ; and

(*c*) in sub rule (*4*), after the words "which passed" the words "or is executing" shall be inserted.

(*5*) In rule 98, for the words "at his instigation," in both places where they occur, the words "on his behalf" shall be substituted.

Amendment of Order XLI First Schedule, Act V of 1908.

18. In Order XLI in the said Schedule,—

(*i*) rule 2 shall be re-numbered as sub rule (*1*) of rule 2, and to that rule the following sub-rule shall be added, namely :—

"(*2*) No appellant shall, except by leave of the Court, urge or be heard in support of any objection that the decree has not been drawn up in accordance with the judgment unless a like objection has been taken by him or on his behalf in the Court which passed the decree and before the decree was signed by the Judge of that Court"; and

(*ii*) after rule 10 the following rule shall be inserted, namely :—

Security for costs in appeals by judgment-debtor against order in execution.

"10A. The Appellate Court shall, in every case of an appeal preferred by a judgment-debtor against an order determining a question within section 47 where the decree under execution is one for the payment of money only, before the respondent is called upon to appear and answer, demand from the appellant security for the due satisfaction of the decree, and, if such security is not furnished within such time as the Court orders, the Court shall reject the appeal."

STATEMENT OF OBJECTS AND REASONS.

In Chapters 29, 30 and 31 of their Report the Civil Justice Committee made a number of recommendations for the amendment of Part II and Order XXI of the First Schedule, Code of Civil Procedure, 1908, relating to the execution of decrees and orders. The Bill gives effect to those recommendations which involve amendments in Part II of the Code, and a few amendments in Order XXI. The remaining recommendations for the amendment of that Order are under separate consideration.

Clause 2 makes it clear that orders settling a sale proclamation under rule 66 of Order XXI, First Schedule to the Code, are purely administrative and subject neither to appeal nor revision.

Clauses 3 and 4 permit concurrent execution by several courts subject to the restriction imposed by the decision of the Privy Council in the Maharaja of Bobbili's case (I.L.R. 39, Madras 640). Sub-rules (2) and (3) to rule 6 of Order XXI, proposed in *clause 17*, provide necessary safeguards.

Clause 5.—New section 39 A extends the principle of section 21 of the Code to execution proceedings.

Clause 6.—New section 40 A makes it clear that the court which executes the decree must be a court which would have been competent to make the decree.

Clauses 7 and 15.—The intention of the *Explanation* to section 47 is made clearer, and second appeals are made subject to special leave. *Clause 18* (*a*) provides that when a judgment-debtor appeals against an order under that section where the decree is for the payment of money only, he must give security for the decretal amount. The Committee's proposals for the restriction of first appeals from orders under that section are being separately provided for, as these cannot suitably be effected by an amendment of the Code.

Clause 8 correlates leave allowances other than subsistence grant or allowance to salary, while giving full exemption to subsistence grant or allowance.

Clause 10 extends, but not with retrospective effect, the scope of section 66 to the defendant, opponent, or objector who is not in possession of the property purchased.

Clause 11.—Revised section 72 gives Civil Courts authority similar to that now conferred by the section as it stands at present on the Collector for the satisfaction of the decree by a temporary alienation.

Clause 12 allows the creditor who has taken out execution to receive towards the satisfaction of his decree a preference to the extent of 2½ per cent of the distributable fund in addition to his own share.

Clause 14.—Section 145 is revised so as to give the court power to realise the property or interest comprised in the security by execution in the suit or proceeding itself without a fresh suit. Power is, however, reserved to relegate the creditor to a fresh suit as a precaution to meet cases of special complication.

Clause 16 gives the court to which a decree is sent for execution concurrent power with the court which passes the decree to correct errors apparent on the face of the decree or order to be executed read with the judgment on which it is based. The executing court is required to communicate the correction to the court which passed the decree.

Clauses 16 and 18 (*b*).—Pleaders are required to sign a decree when they are satisfied that it is in conformity with the judgment, and an appeal based on the ground that a decree has been improperly drawn

up is barred except by special leave, unless an objection has been taken at the proper time in this manner in the court passing the decree.

Clause 17.—New rule 2A prohibits the entertainment by the executing court of a plea advanced by a judgment-debtor that the decree-holder had agreed that the decree should not be executed.

Sub-clauses (3) and (4) and clause 2 give the court to which a decree has been transferred the powers conferred by rules 29 and 53 (1) of Order XXI on the court which passed the decree, and the former court is also given the same precedence under section 63 as the latter court.

Sub-clause (5) brings the wording of rule 98 of Order XXI into line with that of section 74 in respect of the words "at his instigation".

The following Bill was introduced in the Legislative Assembly on the 31st January, 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 12 OF 1927.

A Bill further to amend the Indian Limitation Act, 1908, for a certain purpose.

Short title and commencement.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purpose hereinafter appearing; It is hereby IX enacted as follows :—

Amendment of Article 182, Schedule I, Act IX of 1908.

1. (1) This Act may be called the Indian Limitation (Amendment) Act, 1927.

(2) It shall come into force on the 1st day of January 1928.

2. In the third Division of the First Schedule to the Indian Limitation Act, 1908, in Article No. 182, in clause 5 of the entry in IX. third column, for the word "applying" the words "the final orders passed on an application made" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

In paragraph 4 of Chapter 30 of their Report the Civil Justice Committee recommend that section 48 of the Code of Civil Procedure, 1908, and Article 182 of the First Schedule to the Indian Limitation Act, 1908, should be amended so as to reduce the limit of time for execution in the case of money decrees from 12 to 6 years, and to raise the period of limitation from 3 to 6 years, but to permit a decree-holder even after the expiry of 6 years to apply for execution if he can show that the judgment-debtor has come into some property or that he has recently discovered that the judgment-debtor has property. If, however, it is decided to retain Article 182 in its present form, the Committee recommend that it should be amended so as to provide that the period of 3 years should begin not from the date of the last application for execution, but from the date of the last order on such a previous application. The first proposal is not considered to be satisfactory, and the Bill gives effect to the alternative proposal.

" 54. An appeal against the decision of the Board of Arbitrators shall lie to the District Court, provided that no such appeal shall lie in case the decision of the Arbitrators is unanimous.

An appeal against the order of the District Court shall lie to the High Court."

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to minimise the inequity and consequent discontent which marks the operation of the Land Acquisition Act. The first and the chief ground of discontent is of course the compulsory nature of acquisition. This, however, can hardly be avoided. Cases will occur where land, however useful to and cherished by private owners, will have to be acquired for uses and purposes which may have a decidedly public and beneficent aspect, and for that reason a superior claim over private need or sentiment. But much of the objection to compulsory acquisition can be tempered by (1) the establishment of a bona fide public purpose making the acquisition morally inevitable, and (2) the payment of a really adequate compensation, in one or more ways, to the person deprived of the land acquired. As regards the first, the Bill proposes to give the inquiry under Part III the character of a really public inquiry and that also a judicial inquiry ; so that even persons not directly connected with the land itself may still have a chance to question or challenge the alleged public usefulness of the work or scheme in whose interest the acquisition may be proposed.

As regards compensation, public opinion is severely adverse to the arbitrary powers vested in Land Acquisition officers by section 11. It is rightly believed that these officers, being paid servants of Government, are naturally inclined to minimise the amount of compensation. The efficiency of the officers is supposed to vary in inverse proportion to the amounts granted by the awards. The awards are no doubt open to be challenged in the appeals District Courts. But District Judges, besides being paid officers of Government, are in most cases ignorant of local conditions which are really decisive to the proper assessment of compensation for the lands to be acquired. Then again, it is always an unequal fight between Land Acquisition officers, backed

by the legal and financial resources of Government, and private owners, who stumble over a number of technicalities, even preliminary to the appeal, and who as a rule find the appeals a costly affair. Success in these appeals cannot be gained without a material sacrifice of the amount of compensation granted, and failure means ruin in the case of poor individuals.

The best method of fixing the amount of compensation is believed to be by a Panchayat or Arbitration. An equal number of representatives of either party choosing, if necessary, a Sir-Panch, who gives the casting or decisive vote, are bound in their deliberation to take into consideration every factor favourable or unfavourable to either party to the dispute; and to focus, in their decision, the net result of these considerations. There is no reason why the method of arbitration should prejudice the interests of Government or the party in whose interest the acquisition is proposed rather than those of the owner of the land acquired.

The greatest advantage of the method of arbitration, however, remains to be told. And it is that formal submission to arbitration involves a legal estoppel of all parties submitting to it, when the award is unanimous and peremptorily and automatically stops all wasteful litigation. The justice or injustice which the parties get is got at the hands of their own elected representatives, and that removes all ethical as well as legal justification for complaint or discontent.

Some of the provisions, introduced by the Bill are taken in the main from provisions which notably formed part of the Land Acquisition Acts of 1870, and were omitted from the Act of 1894 without sufficient cause being shown therefor. In fact the omission is very suspicious, as it obviously favours the interest of Government or capitalists and Companies and Societies who move Government to acquire the land for their use. Official acquisition of land is in many cases the last resort of the unfair-minded land grabber.

Provisions similar in spirit to those sought to be reintroduced by this Bill are to be found in some other legal enactments also; particularly the laws of England.

The power reserved to the Land Acquisition officer at the different stages of the land acquisition proceedings to deliver a binding award, in case of failure of arbitration for one cause or another, is sufficient precaution against undue delay or inconclusive proceedings of Arbitrators.

The Bill, without impairing the usefulness or the efficiency of the Act in any material particular, only helps to make its operation less unpopular because more equitable.

(2) If the execution of the will or the authority is admitted, it shall be registered if the registering officer is satisfied—

(i) that the will or authority was executed by the testator or donor, as the case may be ;

(ii) that the testator or the donor is dead ; and

(iii) that the person presenting the will or the authority is entitled to present the same.

(3) If the execution of the will or authority by the testator or donor is denied, the Registrar or Sub-Registrar shall make an order of refusal and endorse the words "Registration refused" on the document presented for registration.

(4) When a Registrar or Sub-Registrar refuses to order a will or authority to be registered, any person claiming under such a document, or his representative, assign or agent, may, within thirty days after the date of the order of refusal, institute in the Civil Court, within the local limits of whose original jurisdiction is situate the office in which the document is sought to be registered, a suit for a decree directing the will or authority to adopt to be registered in such office if it is duly presented for registration within thirty days after the passing of such a decree.

(5) The provisions contained in sub-sections (2) and (3) of section 75 shall *mutatis mutandis* apply to the will or the authority to adopt presented for registration in accordance with any such decree and notwithstanding anything contained in this Act the document shall be receivable in evidence in such suit."

4. In sections 42, 43, 44, 45 and 46 of the said Act, after the word "Registrar", wherever it occurs, the words " or Sub-Registrar" shall be inserted. Amendment of sections 42, 43, 44, 45 and 46, Act XVI of 1908.

5. To section 68 of the said Act the following sub-sections shall be added as sub-sections (3), (4) and (5), namely :— Amendment of section 68, Act XVI of 1908.

"(3) on the application of any of the parties and after notice to the parties and after hearing such of them as desire to be heard or of his own motion without such notice the Registrar may at any stage—

(a) withdraw any inquiry under section 34 and under section 41 pending before any Sub-Registrar in the district and dispose of

the same or transfer the same for trial or disposal to any other Sub-Registrar in the district, or

(b) retransfer the same for trial or disposal to the Sub-Registrar from whom it was withdrawn.

When any inquiry has been transferred or withdrawn under clause (a), the Registrar may either re-try or proceed from the point at which it was transferred or withdrawn.

(4) The Inspector-General of Registration may, subject to the provisions of sub-section (3), transfer an inquiry pending before a Registrar to another Registrar

(5) The provisions of section 75 (2) shall apply to inquiries transferred under sub sections (3) and (4)."

Amendment of section 77, Act XVI of 1908.

6. To section 77 of the said Act the following sub section shall be added as sub-section (3), namely :—

"(3) Sections 71 to 77 shall not apply to wills and authorities to adopt tendered for registration under section 40 and 41."

Amendment of section 87, Act XVI of 1908.

7. Section 87 of the said Act shall be renumbered section 87 (1), and the following sub-section shall be added to the section, namely :—

"(2) A document otherwise duly presented and registered under this Act shall not be deemed invalid except on the ground that the whole or some portion of the property to which the document relates has not been shown to exist within the district or sub district where such document has been presented for registration."

STATEMENT OF OBJECTS AND REASONS.

Under section 28 of the Indian Registration Act documents referred to therein have to be presented for registration in the office of the Sub-Registrar within whose sub-district the whole or some portion of the property to which such document relates is situate. In a case that came up for decision in 1914 the Privy Council held that a parcel of land included in a mortgage deed for the purpose of registering the same in the registration district of Calcutta was not in existence and that it was in fact a fictitious entry. It was therefore held that the registration of the deed was invalid. (I.L.R., 41 Calcutta, 972). On account of some of the observations made by the Privy Council in this case various pleas for invalidating the registration of documents have been taken in the Courts of law and the principle of the decision of the Privy Council in 41 Calcutta, 972, has been unduly extended (1) Where the property which gave jurisdiction to the Sub-Registrar was in existence but the mortgagor had no title to it and the mortgagee had no knowledge of this fact and there was no collusion between the mortgagor and mortgagee, it was held that the registration of the document was not invalid (I.L.R., 41 Allahabad, page 32). (2) Where the property existed but did not belong to the executant and where it was found that neither the vendor nor the vendee intended that the property so included should be affected by the deed, it was held that the deed was not validly registered (I.L.R., 43 Madras, 484, and I.L.R., 48 Calcutta, 500). (3) Where the mortgagee knew that the property which gave jurisdiction to the Sub-Registrar did not belong to the executant it was held that such knowledge would invalidate the registration of the document [A.I.R., Allahabad series 231 (1922)]. (4) Where the property which formed the subject matter of a document was situated partly on

Benares and partly elsewhere and it transpired that the transferor had no title to the property situated in Benares where the document was registered, it was held that the registration was valid as the transferor was acting in a perfectly *bona fide* manner (4 Patna, L.J., 432). Various other distinctions to which it is unnecessary to refer at length have been drawn in the decided cases. A fruitful source of uncertainty in regard to titles has thus been introduced by the decisions of the Privy Council and of the High Courts in India which requires the intervention of the Legislature. Before the Privy Council decision in I.L.R., 44 Calcutta, 272, the inclusion in a document of a few cents of land for purposes of registration was a common practice in some parts of the country and the decisions above mentioned are a direct inducement to litigants to set up these pleas. It is therefore proposed in the Bill that except in the case where the property included in the document for conferring jurisdiction to the Sub-Registrar is not in existence, a document duly registered should not be declared invalid.

2. The present procedure in regard to inquiries relating to wills and authorities to adopt is too cumbrous and dilatory. Under the provisions of the Registration Act, 1908, inquiries into the genuineness or otherwise of wills and authorities to adopt can be made by a Sub-Registrar or a Registrar. If a will is presented for registration to a Sub-Registrar and if its genuineness is denied, he has to take all the evidence tendered by those who support as well as by those who contest the will. If the Sub-Registrar comes to the conclusion that the will is not genuine, and refuses to register the document, an appeal lies to the Registrar under section 73 of the Act. The Registrar is empowered under sections 74, 75 and 78 to summon the witnesses and hold an inquiry *de novo* or to come to a decision on the evidence recorded by the Sub Registrar. If the Registrar also refuses to order the registration of the document, the party concerned can institute a civil suit, where again the whole of the evidence comes under review. A good deal of time and money is now wasted in inquiries before the Sub Registrar and the Registrar in regard to questions relating to the execution of wills and the litigating parties and witnesses are harassed by being dragged to Courts on three different occasions regarding the same transaction. The inquiry before the Sub-Registrar in regard to this class of transactions is not of the same thorough-going character as a trial before a Civil Court where the rules of evidence are carefully observed by a trained judicial officer. The tendency of the litigants has been not to accept the decisions of the Sub-Registrar and the Registrar but to take the matter to a Civil Court for final decision.

In these circumstances it is proposed in the present Bill that where the will or the authority to adopt is tendered for registration after the death of the testator or the donor, the Registrar or the Sub-Registrar should refuse the registration of the documents if their genuineness is denied by any party interested therein and that the registering officer should await the decision of a Civil Court and should take action under sections 74 and 75 in accordance with the result of the suit.

3. Opportunity has also been taken to amend the sections of the Act relating to the deposit of wills. A testator is now obliged to go all the way to the district headquarters to deposit a will with the Registrar. The present arrangement by which wills can be deposited only with a single officer in each district is obviously inconvenient, and

the provisions of the Act regarding the deposit of wills have not been much availed of. It is therefore proposed in the Bill to empower Sub-Registrars also to receive deposits of sealed packets containing wills. There has been a general improvement in the quality of the officers of the Registration department and there is no reason now why this power should not be extended to Sub-Registrars. In any event under the provisions of the Bill the testator will have the option to deposit a will with the Registrar or with the nearest Sub-Registrar.

4. There is no provision in the principal Act for the withdrawal or transfer of an inquiry from a registration officer when a suitable case for transfer or withdrawal is made out. The registration of the various kinds of documents involve very serious consequences and may cause sometimes considerable pecuniary loss or gain to individuals. Allegations of prejudice, corruption and partiality are sometimes made against individual officers of the department and requests for transfer of inquiries from the file of some of these officers have been made to the controlling officers. But there is no provision in the Act empowering the district Registrar to transfer an inquiry from the file of one Sub-Registrar to that of another. There is no provision in the Indian Registration Act analogous to section 24 of the Code of Civil Procedure in regard to transfer of suits from one Court to another. The present Bill removes this defect and gives authority to the Registrar to transfer or withdraw any inquiry or to transfer the same from one Sub-Registrar to another in the district and the same power is given to the Inspector General in respect of proceedings pending before the Registrar.

CHITTOOR,
10th December 1926.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927:—

LEGISLATIVE ASSEMBLY BILL No. 18 OF 1927.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code; It is hereby enacted as follows:— XLV

Short title and commencement.

1. (*1*) This Act may be called the Indian Penal Code (Amendment) Act, 192 .

(*2*) It shall come into force immediately.

Amendment of section 141, Act XLV of 1860.

2. In section 141 of the Indian Penal Code—

(*i*) for clause "*Third*" the following clause shall be substituted, namely:— XLV of 1860.

"*Third.*—To commit any offence punishable under Chapters XVI and XVII";

(*ii*) in clause "*Fourth*", for the words "to enforce any right or supposed right" the words "to enforce or defend any right to which a person is not entitled" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Bill is intended to remove the redundancy and ambiguity in two clauses of section 141 of the Indian Penal Code and to set at rest the sharp conflict of decisions between the various High Courts consequent thereupon. In the ensuing Notes on Clauses, reasons are given in support of the amendment.

H. S. GOUR.

The 10th December 1926.

NOTES ON CLAUSES.

Clause 3 (1).—This clause declares an assembly to be unlawful if its common object is "to commit any mischief or criminal trespass, or other offence". Do the words "or other offence" mean *ejusdem generis*? If so, an assembly to commit murder, theft and other offences against the person and property punishable in Chapters XVI and XVII would be excluded. But this was certainly not the intention. On the other hand, if the words "or other offence" include an offence not only punishable under the Penal Code, but also under the special or local law, with imprisonment for at least six months (*see* s. 40), then the sense is obviously too wide. I have elsewhere traced the history of this clause which I have amended as the Bill to mean what the Legislature had really intended. (1, Penal Law, 3rd Ed., p. 758, para 1274).

Clause 3 (2).—This is an important clause and its inapt concluding wording has given rise to a crop of cases. It declares an assembly unlawful if its common object is "to enforce any right or supposed right". The meaning of these words is not clear. In the first place, "any right" includes "a supposed right". Suppose, however, that the two are intended to contrast a real from an imaginary right, then does it prevent the enforcement of a real right by the use of force? If so, the clause contravenes the general exceptions enacted in sections 96—106 which presumably qualify it. The two parts of the Code are really contradictory and it has led to a sharp conflict in the decided cases, reference to which will make this note too long. I have, however, commented on it at greater length elsewhere (1, Penal Law, 3rd Ed., pp. 759—764, paragraphs 1275—1284), and my reasons there given must be my justification for drafting this Bill. I do not consider the retention of "supposed right" happy. For, when a person has no right at all, his supposition is a mere pretext and it has no existence in the eye of the law. The clause was really intended to imply that a person shall not enforce or defend his right to which he is not legally entitled by the use of force. On the other hand, if he has a legal right, its enforcement is legal and safeguarded by the general exceptions (sections 96—106). This is intended to be clarified in the clause as altered in the Bill.

H. S. GOUR.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 16 OF 1927.

A Bill further to amend the Code of Civil Procedure, 1908.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908; It is hereby enacted as follows :—

1. This Act may be called the Code of Civil Procedure (Amendment) Act, 1927. Short title.

Amendment of section 80, Act V of 1908

2 To section 80 of the Code of Civil Procedure, 1908, the following *Exceptions* shall be added, namely :—

"*Exception I*.—Where, in the opinion of the Court, irreparable injury might be caused to the plaintiff, if the notice required by the section is insisted upon as a preliminary to the entertainment of the suit, the Court may entertain the suit without such preliminary notice.

Exception II.—Where in any suit the Court directs the Secretary of State for India in Council or a public officer to be added as a party to the suit under Order I, rule 10, the provisions of this section shall not apply, and it shall be sufficient to allow two months' time for the appearance of the Secretary of State for India in Council or such public officer."

STATEMENT OF OBJECTS AND REASONS.

NOTE ON EXCEPTION I

Under section 80 of the Code of Civil Procedure, and the corresponding section 424 of the old Code, a distinction has been drawn between suits against the Secretary of State for India in Council, and a suit against a public officer, in respect of any act purporting to be done by such public officer in his official capacity. In the former case the provisions of the section regarding notice were held to be imperative in all classes of suits, whereas in the latter case distinction was drawn, so as to make the notice imperative in certain kinds of suits, for example, suits founded upon tort, and notice was held to be unnecessary in certain other kinds of suits, for example, suits founded on contracts or suits for the purpose of obtaining an injunction. But in 39 M.L.J. 152, their Lordships of the Madras High Court hold that no such distinction can be drawn and that in all cases, whether against the Secretary of State or against a public officer, notice is necessary in all kinds of suits. In holding such a view his Lordship Sadasiva Iyer, J. suggested that the Legislature may be moved to frame an *Exception* to section 80, C.P.C. This Bill is intended to set at rest the conflicting decisions of the various High Courts and is in pursuance of his Lordship's suggestion.

NOTE ON EXCEPTION II.

It often happens that a plaintiff brings a suit in the *bona fide* belief that he can get his remedy against a private individual whom he has included as a defendant, and the defendant in such a suit raises the plea that the Secretary of State or a public officer is a necessary party to the suit. In such suits, if the Court orders under Order I, rule 10, that the Secretary of State or the public officer must be brought on record, the plaintiff is bound to amend the plaint by bringing the Secretary of State or public officer on the record. In such cases when the Secretary of State or the public officer is brought on record he raises the technical plea that section 80 is a bar to the maintainability of the suit itself. Thus it works a great hardship on the plaintiff. The object of section 80 is sufficiently served by allowing two months' time in the summons itself for the appearance of the Secretary of State or the public officer.

The 20th December 1926. C. DURAISWAMI AIYANGAR.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927:—

LEGISLATIVE ASSEMBLY BILL No. 17 OF 1927.

A Bill further to amend the Indian Succession Act, 1925.

I of WHEREAS it is expedient further to amend the Indian Succession Act, 1925; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Indian Succession (Amendment) Act, 192 .

of 2. After sub-section (5) of section 372 of the Indian Succession Act, 1925, the following sub-section shall be added, namely:— Amendment of section 372, Act XXXIX of 1925.

"(5) Application for such a certificate may be made in respect of any debt or debts due to the deceased creditor or in respect of portions thereof. But nothing herein contained shall be deemed to allow separate or successive applications being made in respect of portions of the same debt, whether by the same or a different heir."

STATEMENT OF OBJECTS AND REASONS.

There is serious conflict between the different High Courts as to whether certificate can be applied for or granted in respect of a portion of a debt. The Allahabad High Court holds that this cannot be done (*Ghafur Khan* vs. *Kalandari Begum*, 33 All., page 327) while the Calcutta High Court holds the contrary of a more equitable view (*Annapurna Dasi* vs. *Nalini Mohan Das*, 42 Cal., page 10). An important question of far-reaching effects is involved and it is necessary that it may be set at rest. Justice Karamat Hussain has in *Ghafur Khan's* case referred to the difficulty likely to be caused by the Allahabad High Court view on pages 333–4. It is well known that dowers are very often fixed at enormous amounts which cannever be recovered. Suppose the dower fixed is 11 lakhs, as in the case of *Muhammad Ali* vs. *Fatima Bibi* (19 All., page 129). The woman dies leaving her husband, father and mother as heirs. The husband himself is entitled to half. Her assets may be worth only one lakh or some *less*. Is it a fact that the husband should prevent the father and the mother from realizing what they can, by urging that they should first pay succession certificate duty on 11 lakhs? Similar difficulties may arise in case of other debts where part only may be recoverable owing to the scanty assets of the debtors. The Calcutta view seems more reasonable and this Bill is meant to give effect to that view.

The 15th November 1926. MUHAMMAD YAKUB.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927:—

LEGISLATIVE ASSEMBLY BILL No. 18 OF 1927.

A Bill further to amend the Inland Steam Vessels Act, 1917.

WHEREAS it is expedient further to amend the Inland Steam Vessels Act, 1917; It is hereby enacted as follows:—

Short title and commencement. 1. (1) This Act may be called the Inland Steam Vessels (Amendment) Act, 1927.

(2) It shall come into force on the first day of January 1928.

Insertion of new sections 54 A and 54 B in Act I of 1917.

3. In Chapter VI of the Indian Steam Vessels Act, 1917, after section 54, the following sections shall be inserted, namely :—

Maximum and minimum freights and fares to be fixed.

"54 A. The Governor-General in Council may, by notification in the *Gazette of India*, prescribe the maximum and minimum rates of freights and fares which it shall be lawful for the owner of an inland steam vessel to charge for the conveyance of goods and passengers.

Advisory Committees.

"54 B. The Local Government may make rules for the appointment of Advisory Committees to advise the owner of an inland steam vessel on questions affecting the interests of passengers, and may prescribe by rules the constitution and functions of such committees."

STATEMENT OF OBJECTS AND REASONS.

The control exercised by Government over inland steam vessels carrying on goods and passenger service in this country does not extend to fixing the rates at which they can levy charges on the public. Virtually in the position of monopolists, the inland steamer organizations enjoy unfettered freedom in this matter. In Bengal and Assam where they supply very considerable facilities for transport, their charges are considered to be unduly high. There has been for sometime a good deal of local public agitation against this state of things, but to no effect. It seems reasonable that, when Government exercise a certain amount of control over Railways owned and managed by private companies, in the matter of regulation of freights and fares, similar control should be assumed in respect of inland steam vessels also. It is proposed in this Bill to invest Government with authority to fix maximum and minimum freights and fares that can be lawfully charged by inland steamer services, on the analogy of similar authority in regard to Company-managed Railways. While the maximum rates would protect the public against exorbitant demands, the minimum scales to be fixed under the Bill would prevent unfair ratewars which have in the past defeated indigenous efforts at organizing inland steamer service in competition with powerful combines in Bengal.

A second provision in this Bill is to enable Advisory Committees to be constituted and attached to the inland steamer concerns at different important stations, more or less on the lines of Railway Advisory Councils. As matters stand at present, the agents of the monopolist companies running inland steamer services are not in touch with public opinion, and do not pay adequate attention to the grievances of the travelling public.

The 23rd December 1926. K. C. NEOGY.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 19 OF 1927.

A Bill to regulate and improve the Law Reports.

WHEREAS it is expedient to diminish the multitude and expensiveness of the Law Reports published in India and to improve their quality and to regulate their publications; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Law Reports Act, 192 .

(2) It extends to the whole of British India.
(3) It shall come into force on the .....

2. "Authorized reports" means and includes reports of law cases published by, or under the authority of, the Government of India, or any Provincial Government, or the Court deciding the cases reported, or a Bar Council. Definition

3. No Court shall allow to be cited, or itself refer to, the report of any case decided after the coming into force of this Act other than a report published in the authorized reports. Authority given to only authorized reports

4. Nothing herein contained shall be construed to give to any judicial decision any further or other authority than it would have had if the Act had not been passed. Authority of judicial Decisions.

5. The Indian Law Reports Act, 1875, is hereby repealed. Repeal

STATEMENT OF OBJECTS AND REASONS.

The ever increasing number of Law Reports in India stands in need of check and proper regulation. All sorts of law journals and reports, good, bad and indifferent, are issued from different places. Mostly the same rulings are sooner or later published in different publications. Sometimes rulings which have ceased to be operative by the force of a subsequent ruling or change of law are published to swell the volume of reports, or to bring them up to the stipulated number of pages. With the same object numerous pages dealing with mere facts which have no bearing on the legal aspect of the case are also published. Sometimes rulings published in one journal are published in another after several months, thus causing confusion and embarrassment. The number and volume of Law Reports is becoming simply scandalous and requires check and regulation.

MUHAMMAD YAKUB.

The 15th November 1926.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 20 OF 1927.

A Bill further to amend the Indian Merchandise Marks Act, 1889.

WHEREAS it is expedient further to amend the Indian Merchandise Marks Act, 1889, for the purpose hereinafter appearing; It is enacted as follows :—

1. (1) This Act may be called the Indian Merchandise Marks (Amendment) Act, 1927. Short title and commencement

(2) It shall come into force on the first day of January 1928.

2. After section 12 of the Indian Merchandise Marks Act, 1889, the following section shall be inserted, namely :— Insertion of new section 12-A in Act IV of 1889.

"12A. (1) The Governor General in Council may, by notification in the *Gazette of India*, prescribe the kind, description or class of goods brought into British India to which a trade description giving Indication of local origin of imported goods.

the place or country in which they were made or produced shall be applied

(2) The Governor-General in Council may, after previous publication, make regulations, either general or special, prescribing—

(a) the form in which the trade description shall be applied;

(b) the manner in which the trade description shall be applied, whether by a mark to be placed upon the goods, or in some other manner, and

(c) the time or occasion when the trade description shall be applied, and, in particular, whether the trade description shall be applied on importation only, or also on sale of the goods, either by wholesale or retail, in British India.

(3) If a person who is required under this section to apply a trade description to any goods fails to do so or contravenes any regulation made under sub-section (2), he shall be punished in the same manner as if he had been guilty of applying a false trade description to goods."

STATEMENT OF OBJECTS AND REASONS

There is no provision in the existing law in India which can compel the application of a trade description to imported goods. The result is that articles made in foreign countries, without any indication as to their local origin, are sometimes palmed off as Indian manufactures. It is a well known fact that a kind of piece goods especially manufactured abroad is sometimes sold in India as hand woven *Khaddar* Agents, cheap hosiery, particularly cotton undershirts, are imported from Japan without any trade description and sold in this country as local manufacture. In such cases, the local origin of goods should be indicated so as to prevent fraud on the consumers, and protect some of the struggling industries of India from unfair competition. It is proposed in this Bill to arm the Governor General in Council with power to specify any imported goods in respect of which the importer, or the wholesale or retail dealer, shall be called upon to affix a trade description giving the place of origin thereof. It may be mentioned that the provisions are mainly adopted from the recommendations of a Departmental Committee of the British Government regarding legislative action in the United Kingdom in the interest of certain Empire or British Goods.

The 23rd December 1926 K. C. NEOGY.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 21 OF 1927.

A Bill to regulate marriages of children amongst the Hindus.

WHEREAS it is necessary to regulate marriages of children amongst the Hindus and to lay down the age under which such marriages shall be invalid; It is hereby enacted as follows :—

Short title and extent.

1. (1) This Act may be called the Hindu Child Marriage Act, 192 .

(2) It extends to the whole of British India, including the Scheduled districts.

Definitions.

2. In this Act,—

(a) "Hindu" includes Jains, Sikhs, Brahmos, Arya Samajists and Buddhists,

(b) "Guardian" means a guardian as defined in the Guardians and Wards Act, 1890.

1890.

Marriageable age of a girl.

3. Notwithstanding any provision to the contrary existing anywhere, no marriage of a Hindu girl, except as provided in section 5, shall be valid, unless she has, on the day of her marriage, completed her twelfth year.

Marriageable age of a boy.

4. No marriage of a Hindu boy shall be valid unless he has, on the day of his marriage, completed his fifteenth year.

Marriage of girl below 12 valid if guardian obtains license

5. The marriage of a Hindu girl who is under twelve years of age shall be valid if her guardian obtains, before such marriage, a license for the performance of such marriage from the Magistrate of the district in which the girl ordinarily resides, authorising or permitting such marriage:

Provided that no such license shall be granted, where the girl is under eleven years of age.

Grant of license

6. The Magistrate of the district shall grant a license for the marriage of a Hindu girl to her guardian, who files a written application for the grant of such license with an affidavit swearing to the fact that the girl has completed her eleventh year, and that the guardian conscientiously believes that the tenets of the religion which the girl professes enjoin that the girl should not be kept unmarried any longer.

STATEMENT OF OBJECTS AND REASONS

1. The object of the Bill is two fold. The main object, by declaring invalid the marriages of girls below 12 years of age, is to put a stop to such girls becoming widows. The second object, by laying down the minimum marriageable ages of boys and girls, is to prevent, so far as may be, their physical and moral deterioration by removing a principal obstacle to their physical and mental development.

2. According to the Census Report of 1921 A.D., there were in that year 612 Hindu widows who were less than one year old, 2,024 who were under 5 years, 27,857 who were under 10 years, and 332,624 who were under 15 years of age. The deplorable feature of the situation, however, is that the majority of these child widows are prevented by Hindu custom and usage from remarrying. Such a lamentable state of affairs exists in no country, civilized or uncivilized, in the world. And it is high time that the law came to the assistance of these helpless victims of social customs, which, whatever their origin or justification in old days, are admittedly out of date and are the source of untold misery and harm at the present time.

3. According to the Brahmanas, the most ancient and the most authoritative book containing the laws of the Hindus, the minimum marriageable age of a man is 24 and a woman 16. And if the welfare of the girl were the only consideration in fixing the age, the law should fix 16 as the minimum age for the valid marriage of a girl. But amongst the Hindus, there are people who hold the belief that a girl should not remain unmarried after she attains puberty. And as in this country, some girls attain puberty at an age as early as 12, the Bill fixes 12 as the minimum age for the valid marriage of a Hindu girl.

4. In order, however, to make the Bill acceptable to the most conservative Hindu opinion, provision is made in the Bill that for conscientious reasons, the marriage of a Hindu girl would be permissible even when she is 11 years old. No Hindu Sastra enjoins marriage of a girl before she attains puberty, and the time has arrived and public opinion sufficiently developed, when the first step towards the accomplishment of the social reform so necessary for the removal of a great injustice to its helpless victims and so essential to the vital interests of a large part of humanity, should be taken, by enacting a law declaring invalid the marriages of girls below 11 years of age.

5. With regard to boys, the Sastras do not enjoin marriage at a particular age. Thoughtful public opinion amongst the Hindus would fix 18 as the minimum marriageable age for a boy. But as some classes of the Hindus would regard such legislation as too drastic, the Bill takes the line of least resistance by providing 15 years as the age below which the marriage of a Hindu boy shall be invalid. Even in England, where child marriages are unknown and early marriages are exceptions, it has been found necessary to fix the ages below which boys and girls may not marry.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927:—

LEGISLATIVE ASSEMBLY BILL No. 22 OF 1927.

A Bill to repeal and amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and the Code of Criminal Procedure, 1898.

WHEREAS it is expedient to amend certain provisions of the Indian Criminal Law Amendment Act, 1908, and of section 491 of the Code of Criminal Procedure, 1898; It is hereby enacted as follows:— XI V c

Short title. 1. This Act may be called the Criminal Law Repealing and Amending Act, 1927.

Amendment of section 18, Act XIV of 1908. 2. Sub-clause (*b*) of clause (*2*) of section 15 of the Indian Criminal Law Amendment Act, 1908 (hereinafter referred to as the said Act), is hereby repealed. XI

Insertion of new section 16A in Act XIV of 1908. 3. After section 16 of the said Act the following section shall be inserted, namely:—

Appeal to the High Court.

"16A. Any person deeming himself aggrieved by an order of the Governor General in Council declaring such association to be unlawful, and any person convicted under the provisions of section 17 may appeal to the High Court on the ground that the declaration should never have been made."

Amendment of section 491, Act V of 1898. 4. In sub-section (*5*) of section 491 of the Code of Criminal Procedure, 1898, after the words "Nothing in this section applies to V of persons" the following shall be inserted, namely:—

"other than British subjects".

STATEMENT OF OBJECTS AND REASONS

(1) By Resolution No. 533, Political, dated the 21st March 1921, a Committee was appointed to examine certain repressive laws. The Committee issued its report in the course of which it recommended

their repeal but counselled for the nonce the retention of Part II of the Indian Criminal Law Amendment Act, 1908, adding that it may be possible for the Government to undertake the necessary legislation for their repeal during the Delhi Session of 1922. (*See* paragraph 28, sub-paragraph 2, of the Report.) As the Government did not undertake the necessary legislation, I introduced a Bill for the Repeal of Part II of the Indian Criminal Law Amendment Act. It was passed on the 23rd September 1924 by 71 to 46 votes, the Government opposing it. The Bill was next sent to the Council of State for their concurrence, but that body has rejected it. It is proposed, for the present, to introduce this revised measure in the hope that it might be acceptable to Government.

(2) The provisions of section 491 of the Code of Criminal Procedure are in the nature of Habeas Corpus controlled in England by the Habeas Corpus Act of 1679, the operation of which can only be temporarily suspended by the Legislature on the ground of urgent political necessity. (*See* 10 Halsbury's Laws of England, s. 93, p. 44.) The Habeas Corpus Act merely re-enacts the 29th section of the Magna Charta which provides that no person shall be taken or imprisoned unless by lawful judgment of his Peers or the law of the land. "The King", said Chief Justice Markam, "cannot arrest a man upon suspicion of felony or treason, as any of his subjects may; because if he should wrong a man by such arrest, he can have no remedy against him." [*See* Hallam's Constitutional History of England, Ch. VII, p. 274 (Ward Lock & Co.).] In England, the Habeas Corpus Act is a bulwark of the people's liberties. Its corresponding provisions in this country should give at least the British subjects in India a similar protection.

The 10th December 1926. H. S. GOUR.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 23 OF 1927.

A Bill to limit the interest charged on loans of various kinds in British India, and to bring the law in conformity to the needs of the people.

WHEREAS it is expedient to limit the interest charged on loans of various kinds in British India, and to bring the law in conformity to the needs of the people; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Interest Act, 19 .
(*2*) It extends to the whole of British India.
(*3*) It shall come into force on..... .

Amount of interest.

2. No creditor, whether of a secured or unsecured loan, shall be entitled to recover interest, either payable at one time or by instalments, exceeding the principal amount originally lent or due at the date of suit, whichever is less.

Powers of Court to grant relief in case of excessive interest.

3. Notwithstanding anything hereinbefore said, where in any suit to which this Act applies, whether heard *ex parte* or otherwise, the Court has reason to believe—
(*a*) that the interest is excessive, and
(*b*) that the transaction was, as between the parties thereto, substantially unfair,

the Court may exercise all or any of the following powers, namely, may—

(i) reopen the transaction, take an account between the parties and relieve the debtor of all liability in respect of any excessive interest;

(ii) notwithstanding any agreement purporting to close previous dealings and to create a new obligation, reopen any account already taken between them and relieve the debtor of all liability in respect of any excessive interest and, if anything has been paid or allowed in respect of such liability, order the creditor to repay any sum which it considers to be repayable in respect thereof;

(iii) set aside either wholly or in part or reverse or alter any security given or agreement made in respect of any loan, and if the creditor has parted with the security, order him to indemnify the debtor in such manner and to such extent as it may deem fit.

Principal in case of bonds executed for arrears.

4. In the case of a bond executed for arrears of principal and interest due on a prior bond, the principal for purposes of this Act is the principal of the prior bond.

Savings.

5. This Act shall not apply to usufructuary mortgages.

Repeals.

6. Provisions of other laws and regulations, so far as they are inconsistent with the provisions of this Act, are hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

The Bill is designed to prevent the accumulation of interest for long periods and thereby save many a debtor from the clutches of covetous and clever creditors.

There is a rule in Hindu Law which is called *Damdupat*. It is in operation in the Bombay Presidency, Berar and the town of Calcutta, but it is limited in its scope and is applicable only to Hindus. This rule cannot be taken as a purely religious law of the Hindu community; it is laid down only to safeguard the debtors' interests as the Hindu Law sanctions the taking of interest on loans. The Muslim *Shariat* has forbidden to take interests at all and so there would be no occasion for such emergency. Under the circumstances of the heterogenous society of India, it is quite justifiable and necessary that the present Bill be passed for the benefit of a debtor irrespective of the caste, creed and colour. The present Bill is wider in its scope and is more in conformity to the incessant demands and needs of the people of India, and the creditor will not be able to ruin his debtor with his wasting game.

The words "by instalments" in clause 2 are added in order to safeguard against the contrivance on the part of the creditors to nullify the effect of the provisions of the Bill by recovering interest on a system of instalments. The clause 3 is embodied to prevent the creditors from making injudicious bargains and is taken from the Usurious Loans Act of 1918.

The Interest Act of 1839 (Act XXXII) and the Usury Repeals Act of 1855 (XXVIII), which are absolutely inconsistent with both the Hindu and Muhammadan Laws on the subject, were passed at a time when the Councils were devoid of Indian representation by their own people and have proved ruinous.

The Usurious Loans Act of 1918 although it gives power to Courts to curtail the rate of interest under certain circumstances and which is

also not exercised duly yet provides no remedy to stop accumulation beyond a certain limit.

The 15th November 1926. MUHAMMAD YAKUB.

The following Bill was introduced in the Legislative Assembly on the 1st February 1927 :—

LEGISLATIVE ASSEMBLY BILL No. 24 OF 1927.

A Bill further to amend the Societies Registration Act, 1860, for certain purposes

WHEREAS it is expedient further to amend the Societies Registration Act, 1860, for certain purposes hereinafter appearing; It is hereby enacted as follows :—

1. This Act may be called the Societies Registration (Amendment) Act, 192 . Short title.

2. In section 20 of the Societies Registration Act, 1860,— Amendment of section 20, Act XXI of 1860.

(a) after the words "the diffusion of useful knowledge" the words "the diffusion of political education" shall be inserted, and

(b) at the end the words "or for any other purpose of public utility" shall be added.

STATEMENT OF OBJECTS AND REASONS.

It is intended by this Bill to extend the scope of the Societies Registration Act, 1860, by making it applicable to some purposes which have been perhaps inadvertently omitted from section 20. It is believed that the Registrar of Societies under this Act has refused registration to a number of Societies or Associations who wished to be incorporated under the Act, on the ground that they were of a political character. In any case all doubt should be cleared up by the use of express words which may make such refusal impossible. There is no reason why the benefit of incorporation, and the legal status for all practical purposes conferred by such incorporation, should be denied to even political societies, inasmuch as the work and purpose of political education is certainly as useful and altruistic as any other mentioned in the Act. The wish for open registration and incorporation shown by any political institution should rather put a premium and not a discount upon the legal facilities which may be given to it. The present Act being enacted more than sixty years ago, political education may naturally have been then too negligible to be taken account of for the purposes of the Act. But there has been very considerable advance in this direction since then, and the antiquated provisions of the Act ought to be brought up to date.

Bill to be introduced in the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 20 of the Madras Legislative Council Rules, the following Bill, together with the Statement of Objects and Reasons, is published for general information:—

BILL No. 6 OF 1927.

A Bill to amend the Madras Elementary Education Act, 1920.

WHEREAS it is expedient to amend the Madras Elementary Education Act (VIII of 1920); It is hereby enacted as follows:—

1. This Act may be called the Madras Elementary Education (Amendment) Act, 1927.

2. In section 5 *add* after clause (5) the following clause:—

"(6) Every registered educational society maintaining an elementary school or elementary schools, in which

instruction is given to children not less than 1,000 in number, shall be entitled to elect one representative on the District Educational Council for every such number of 1,000."

Re-number clause (6) as clause (7).

3. *Add* to section 47 the following:—

"Such compensation shall be calculated to make up the deficit in the cost of maintaining the school or schools after taking into account the grant-in-aid admissible under section 42 and shall always be paid to a registered educational society as long as it maintains an elementary school or elementary schools in which instruction is given to children not less than 1,000 in number."

4. *Substitute* for the second proviso in section 49 the following:—

"Provided further that no guardian shall be compelled to cause a child of a faith, like Christian or Muhammadan, which enjoin the obligation of religious instruction in schools, to attend a school at which adequate arrangements have not been made for religious instruction in the faith of that child."

STATEMENT OF OBJECTS AND REASONS.

Taking the reverse order, this Bill *firstly* seeks to extend the concession under Section 49 Proviso (2) Christians and others whose faith like that of Muhammadans insists upon religious instruction in secular schools. *Secondly* a registered society which maintains a large school or a large number of schools, should, I submit, have one separate or special representative for every 1,000 pupils in the Educational Council, under section 5. *Thirdly* such societies should, I would urge, not be financially prejudiced as a result of compulsory and free education. Hence the new provision under section 47. The self-sacrifice of several bodies with men, women and money for the purpose of education, deserves, I think, the concession sought.
